SAFETY

cial trees for flame retardant labels and to water live trees frequently so they won't dry out.

With the holiday season also comes an increase in cooking, which can cause fires. Therefore, residents need to take extra care when cooking.

Cartwright said people often try to take to flaming pot or pan outdoors, which is a good idea, but it is better to walk backwards to the door.

One of the most important things fire officials advise citizens to have to protect against out of control fires is a

and they are inexpensive, too detectors can be purchased fo as $3.50 at general stores.

In case a fire does break house, officials say familie have an emergency plan in pl should be discussed often. So
