

**Affidavit and Notice of Understanding and Intent**  
**Claim of Right**  
**Claim of Exemption from Registration**

I, Robert-Arthur: Menard, a Freeman-on-the-Land by The Grace of God, of sound mind, body and Spirit, am standing in Honour and do hereby upon my Oath to God swear, declare and affirm that the following is true and complete to the best of my knowledge, information and belief and is a direct result of first hand knowledge except where it is stated as a belief in which case I do upon my Honour verily believe it to be true.

Whereas it is my understanding that Canada is a common law jurisdiction, and,

Whereas it is my understanding that in a common law jurisdiction the only form of government recognized as lawful is a representative model, and,

Whereas it is my understanding that representation requires mutual consent, and,

Whereas I, Robert-Arthur: Menard and my friend Robert-Scott: Christy have both lawfully revoked consent to be represented and governed, and,

Whereas it is my understanding the purpose of the Pest Control Product Act is to protect the public from poisons and not simply to protect large companies such as Monsanto from competition, and,

Whereas it is my belief the process claimed to be required by those in government is onerous and is virtually impossible for anyone save large corporations to meet, and,

Whereas it is my belief this creates the effect of closing a market to all save large mostly foreign corporations, and,

Whereas it is my understanding an Act is defined as a legislated rule of society which has been given the force of law, and,

Whereas it is my understanding a society is defined as a number of people joined by mutual consent to deliberate, determine and act for a common goal, and,

Whereas it is my understanding that as a human being in a common law jurisdiction I have the power and ability to secure rights through uncontested claims, and,

Whereas I claim that as a Freeman-on-the-Land I am not subject to statutory obligations, restraints or restrictions, and,

Whereas I claim that the product manufactured by me and my friend called '**Mr.Mite-E**' is an effective pesticide by action and not subject to regulation or government control and thus is exempt from needing a P.C.P. Act registration number.

Whereas I do hereby claim the right on behalf of myself and my friend to market **Mr.Mite-E** with the following information on the label: "**P.C.P. Act Exemption # EAES-001 - This pesticide is exempt from registration by undisputed claim**", and,

Whereas I, Robert-Arthur: Menard and my friend Robert-Scott: Christy are the creators and developers of **Mr.Mite-E**, and,

Whereas '**Mr.Mite-E**' kills bugs in the garden and as such is by action and definition a pesticide, and,

Whereas '**Mr. Mite-E**' is not a pesticide as defined by The Pest Control Product Act, and,

Whereas everything in '**Mr.Mite-E**' is generally recognized as safe and is derived from non-toxic plants,

**Therefore be it now known to any and all concerned parties**, that Robert-Arthur: Menard and Robert-Scott: Christy do hereby clearly, specifically and unequivocally claim the right to make, bottle, sell, advertise and otherwise market as a pesticide without limits the product known as **Mr.Mite-E** and that we claim said product is a pesticide by action and definition and is also completely free of any and all government regulation or control.

We do hereby claim that any government agent or agency wishing to dispute this claim has **TEN DAYS (10)** from the date of notice of this action to register a counterclaim or dispute by registering a sworn Affidavit created upon full commercial liability and under penalty of perjury to the Notary office herein listed.

We claim anyone acting as a government agent who having received notice of this claim fails to dispute said claim within the limits and terms provided, and then wishes to remove **Mr.Mite-E** from a retailers shelves must act lawfully and thus the only option open to them is to purchase at full price the **Mr.Mite-E** from the retailer from whose shelves they remove **Mr.Mite-E**.

We claim any one, government agent or otherwise, who having been served notice of this claim fails to dispute this claim and then attempts to affect the marketing of **Mr.Mite-E** is grossly negligent, committing mischief and fully and personally liable for any damages they may cause.

The law of agent and principal applies and service of this Notice of Claim one either is deemed to be service upon both.

Disputes and counterclaims must be registered via certified mail or personal delivery to:
