No fluff, filler or fatuous wanderings. We'll cut to the chase. This new report is about **you** making more money and having more free time.

HOW?

You learn to **LEVERAGE, OUTSOURCE AND MANAGE** your income streams.

Consider this truth...wealthy, affluent and well-to-do folks don't spend their TIME on chores; they don't do laundry, nor spend time cleaning their houses or cars, cooking, gardening (unless a hobby or something they love) and doing the daily mundane which eats up our hours. THEY outsource these labors and gain free time.

Are you doing your own chores, wasting your time? WHY?

There is a better way. Very early I discovered money could buy me more free TIME. The more money I had to use, the more free time I could have, by letting other people do my chores. At 12, I was outsourcing my chore of mowing my yard. The neighbor kid did a much better job than I did.

It was worth the quarters because I could make 3 times that with the same amount of time by selling stuff door-to-door, and without breaking a sweat or cutting off my toes.

Most people with financial need don't understand the value of their time, and it quickly gets wasted.

YOUR TIME IS IMPORTANT.
YOUR TIME IS VALUABLE.

This is an important lesson for you to consider. Outsourcing!

It is one of the concepts along with delegation, management, and leverage which you will discover in this report; MORE MONEY, MORE FREE TIME.

You will free up your time to do things you really want to do and you can make money while you're on the golf course, at the movies or sitting on the beach.

You'll have MORE TIME for; family, friends, lovers, golf, whatever you would

rather be doing.

Sure maybe work is your love and joy, and you give all your waking time to it, but most of us are not that in love with our jobs. Money isn't everything but it IS important especially if you **want** to have more free TIME to do other things.

**You are about to discover how you can make more money
AND
have more free TIME.**

This is my plan for you. But you must bring your desire to the table. You must want to make more money and have more FREE time to use as you will. Do you?

See, let's not waste each others time, if you are as driven as a young Bill Gates or Steve Jobs, building the next big thing, this is not for you. If you want to spend years working on your project, I wish you success and good fortune.

Truthfully, if you are such a person, you are one in 10,000, maybe in 100,000.

But if you are a person who wants to make MORE money than you do now, without spending more time, or even less time than you do now, then this IS for you.

Truthfully, you can do it. You need to be organized, purposeful and know what you want. This new report, written in April of 2018 is your GO SQUARE.

In the game of Monopoly, everyone starts at the same GO square. The object in that game is to take all the money and make the other players LOSE.

In real life, no one has to lose in order for you to WIN. YOU get to define your own win. What is yours?

One WIN, which many people go for, is to have enough money to do what they want to do and the TIME to do it. Alas, it may take most of a lifetime to have ENOUGH money. But it doesn't have to. Use the shortcuts.

It has taken me over 50 years to accumulate the pithy and succinct information in this new report. You can discover secrets it took me years to learn, and via much failure, trial and error. I've made the mistakes.

You don't have to make them again, do you?
