**Service Information Sheet**

*Please put this with the radio, prior to shipping contact is not required*

**Name:** \_\_\_\_\_ **Call** \_\_\_\_\_.

**Ship To Address:** \_\_\_\_\_.

**Ship to City, State, Zip:** \_\_\_\_\_.

**Contact Phone:** \_\_\_\_\_.

**Contact email (preferred):** \_\_\_\_\_.

**Model(s)/Serial #(s):** \_\_\_\_\_.

I usually contact if repairs are expected to exceed \$100, If you want an Estimate? (Est. labor is free) **Y N**

I also watch for the cost effectiveness of the repair, it doesn't make sense to spend \$100 to fix a mic.

**General Comments/Symptoms/Description:**

*You do not need to send Mic(s)/Power cord(s) or Manual(s)*, unless you need them checked or serviced, If you do send accessories, please indicate it on the note, so I don't forget to return them. I normally would use my bench accessories to check equipment out.

I do an Alignment and performance check with the repair service. I try to check as many features as I can, but some of the newer radio's are "feature rich" if there is something specific you want checked, please be sure to mention it.

Payment options I accept credit/debit cards through "Google Checkout". Also a Check or Money Order.

**Paypal is not accepted.**
