Fitness/Pool Center

At the January Board of Directors Meeting, Treasurer Babs Bastedo announced that the Fitness Committee has established a Capital Fund, the purpose of which is to collect donations in support of replacing our aging fitness facility and pool change rooms. Harry Lipert, a committee member, made the first donation. Lipert said he was pleased to "kick-start" the fund, as he is a regular user of the facility. Donations to the fund may be left at the Homeowners Office. You will see a large "pickle jar" where you can drop your pocket change or leave a larger donation with the office staff and receive a receipt. The donations will be monitored by a "thermometer", currently being designed by the committee, and then will be posted in the Homeowners Office within a few weeks. Also, plan to participate in several other fundraising activities to be announced later. Plans are currently being drawn for the existing site and will be studied by the committee for feasibility. The current fitness facility is too small and now out-dated, plus the Pool Change Rooms are in need of attention in many areas. Remember, Fitness Activity is good for the Heart, and we want all of your hearts to keep on ticking.
