"Not guilty"

All present shuddered,
before the bench, in terror,
of the Judge of Judges.
"These are grave charges.",
He thundered sternly,
"The defendant broke every law with impunity."
Crimes of high treason are these,
for which there is but one penalty.
The witnesses against him are credible, and many.
How does the defendant justify his plea?"

My Advocate said,
"I was crucified instead."
The Judge declared, "Not guilty!"
