NOTE: If you order an antenna and would also like a balun, there is no extra shipping charge for the balun. The price of shipping is only the shipping charge that applies to the antenna. We also DO NOT charge extra for installing the balun on the antenna. This only applies to the Hy Power models, not the QRP/Low Power models.

If you order more than one antenna, check with us for shipping charges.

If you have any questions about shipping charges at all, please email or call us at any time.

We ship UPS ground or priority mail lower 48 states . (Jan , 2012)
