

The Clinical Club of IDA-Alappuzha

All the associations are formed with a purpose to serve the community as well as for updating of the knowledge of the members. As far as INDIAN DENTAL ASSOCIATION is concerned we are serving the community through the CDH programme and gain knowledge through CDE programmes. We are conducting standard CDE programmes with well known academicians in the respective field.

RATIONALE

The Clinical Club is a platform for the members to present the interesting cases which they have come across and their doubts on those topics and also to brush up the basic aspects in dentistry.

FUNCTIONING - THE MODUS OPERANDI

- Any member of IDA-Alleppey can present a paper, be it a case report, a study or any clarification on any case.
- The presentation should preferably be in the MS POWERPOINT. If not, it should be in typed [MS-WORD] format .Maximum time permitted is 15 minutes for presentation and 30 mnts for discussion.
- A copy of the presentation [CD/DVD] should reach the President's office at least ten days prior to the presentation.
- For the time being the presentation date is tentatively fixed on every second Thursday evening at 7.30pm.[venue will be announced one week before]
- The presentation will be moderated by experts in concerned specialty and experienced dentists.
- The expenses are shared between those who attend the programme.
