

## CHILDREN'S BOWLING

Children love to bowl and Viking is proud to have them learn with us. Viking provides "Bumber Bowling" for children, that prevents gutter balls and helps keep the children from becoming discouraged. We have light weight balls for the littlier tots. You can book a party, have your child join a youth league or just walk in. To help insure a memorable and happy time, we would ask that you pay special attention to the following and instruct your child.

- 1) Smaller children are curious about the ball returns. The returns can entrap little fingers and hands. **DO NOT ALLOW YOUR CHILD NEAR THE RETURN UNSUPERVISED, EVEN THEN, DO NOT ALLOW THEM TO TOUCH ANY MOVING PARTS.**
- 2) The lanes are oily beyond the foul line. **PLEASE** do not allow your child or yourself to cross over the foul line. **IT IS EXTREMELY SLIPPERY.** If oil gets tracked onto the approach, or a ball needs to be retrieved, call counter for assistance.
- 3) Children like to carry the ball with both hands, they cannot see where they are going. To help prevent a fall down, have you child in place before you give them the ball. Also, bowling balls will bounce, so instruct your child that if they drop the ball, to let it stop bouncing before they try to pick it up.
- 4) Please **DO NOT ALLOW** food or drink in bowling area. If there is a spill, notify counter and they will clean the area. Spills can be hazardous to your group, as well as others after you leave the center.
- 5) Only center employees are allowed to set up **BUMPERS.**
- 6) Make sure shoelaces are properly tied and loose ends are tucked in.
- 7) Please **DO NOT** allow your child to **RUN IN THE CENTER,** to help prevent a possible fall or injury.
- 8) **DO NOT** allow your child to bowl in **SOCKS.** as approaches are maintained for sliding, therefore surface can be slick in socks. The center should have the proper size bowling shoe for your child

HAVE A GREAT TIME
