

Walk On *(Bonus MP3 track on "The History of Minas Tirith")*

Walking down the streets and the lonely avenues
Strange people I might pass on by
I don't like living in this cold, cold city
But I keep on walking I just pass em by
Walk on...

Neon lights flash into my eyes
Peoples faces with their painted smiles
They live in dreams and they tell their lies
But I just walk on by I pass em by
Walk on
Just walk on by, hey, hey
Walk on...
