
Jake & Jimi's Story

Jake is a Beagle owned by co-owner Lindy Williams and Jimi is a Labrador retriever owned by co-owner Carol Thompson. The two met about 3 years ago while their owners were sitting in the park enjoying the atmosphere and drinking their favorite cups of morning coffee. While talking, Lindy and Carol thought it would be a great idea to be able to enjoy the coffee and have the dogs enjoy spending time. And so the story goes ...

Coffee & Comfort

It's 4 or 5 o'clock in the morning and time to get up and walk the dog. You haven't had your morning cup of Joe to get your blood flowing and the dog is ready for its morning walk. You fumble around to put something on while your pet is anxiously running through the house because they know its time to do their morning routine.

You have been told several times that the dog needs to be groomed and your schedule just hasn't allowed enough time for you to take care of it and everything else you have on your plate to accomplish.

Don't worry ...

While you are out, stop at Jake and Jimi's and enjoy your morning cup of coffee with maybe a small continental breakfast while reading the newspaper, going over some meeting notes or talking with a friend. As you relax and prepare for the day, your pooch is right next door getting almost the same treatment as you.

Pooches Palace

We know it's hard getting your owner up every morning at the crack of dawn so you can get your exercise; it sure would be nice to get that hair cut that you have been needing for weeks as well.

Well now you can ...

While your owner enjoys their routine of drinking coffee and reading the newspaper, you can get your hair shampooed and cut, your nails trimmed and enjoy a playing area with other pet pals. AND, if you play nicely, we also have doggie treats for you.

Who would have thought to create a shop where both pet owner and the pet can get the relaxation and treatment they both deserve.

Here at Jake and Jimi's you get all of that.
