Hi Mj,

Sorry for no news for a while.

I have terrible news, Myself and Emilia we had a car crash in Poland 2 weeks ago. She was just transferred by air ambulance to Whitchapel hospital, she's really bad, with 2 broken legs, coxis, collar bone, left arm and wrist. On top her stomach has moved and she caught a nasty bug in a hospital in Poland.

I haven't told a lot of people but she's really in a bad state, she won't be able to walk for at least a year so I took holiday'ss from work in order to be with her I only come home to feed the cats and keep some minor issues. I need to bath her and assist her with toilet and feed her so I am sleeping there.

The heating's fine but please could you hold on to the setting up paypal account for the time being.

It was my fault the accident so I ned to be there for her.

Will update you soon with her condition she will be operated again this week so I can't leave her now.

Hope you well, the flat's great and all works fine.

Yours sincerely,

Fernando
