RE: Alice Kregel

September 22, 2006

To whom it may concern:

Alice Kregel has informed me that you have taken her case on, which is very good news.

I am writing to inform you that:

- **Alice now has no where to live and is intermittently sleeping on the streets or at Dorothy Day.**
- **Alice has significant medical problems, inclusive but not limited to alcoholism, mental health problems and high blood pressure. Denial is one of the major factors in all her illnesses and she is unable to report threats to herself and others for herself.**
- **apparently, Alice should be in in patient treatment for alcoholism and/or mental health disorders, and it is my understanding, from speaking with medical experts, that such care is standard in Minnesota for patients such as Alice.**

Please be informed that I am most willing to assist you with any research or other preparation needed for trial. I am also willing to assist by handling in administration of rental of Alice's house to protect the property and pay the costs of maintaining the property in this interim when Alice is not living there. Dick Kueppers has stated he intends to withdraw as Alice's DPOA, however, I have not received written notice of this yet.

Best Regards,

Reverend Mary Jane Duchene BA, pp. DDA
and POA for Alice Kregel
