

Addendum - Peter Deunov's and Omraam's Vision of a New Era

At the Easter 2009 Hearts Center Conference in Phoenix, I gave a presentation on Heliophysics and Solar Cycle 24. When I talked about the solar max of 2012 coinciding with the end of the Mayan calendar, I mentioned the upcoming movies, *The Knowing* and *2012* and how Hollywood was capitalizing on people's fear of cataclysm. A few months later, Elizabeth Clare Prophet made her transition and ascended as Lady Master Clare de Lis. In her 13th HeartStream through David, she talked about the movie *2012* and replacing it's vision of doom with a vision of the golden age.

This HeartStream was part of the 3rd class of Meru University course 1107. She said "The lie that has been promulgated through fear of the changes coming, as a result of the galactic alignment in 2012 are nefarious... Transmute this anti-vision this day with the vision of Mary, with the vision of Guru Ma, who I am as your Lady Clare de Lis, and behold in perfection the true vision of the Holy City, of heaven come upon Earth, of a world pristine in its glory, divine in its radiance, beloved of all peoples—yes, a Mother Earth once again manifesting the totality of its original divine nature here for you to walk upon in balance and love and in great joy."

I desire in this article to focus on the positive vision of the golden age. However, before the golden age will become a reality in everyone's life, they have to go through the transition period. We are in the midst of it.

There are four things to keep in mind about the transition period: 1. The energy that is causing earth changes and weather changes is also causing an increase in consciousness. 2. The suffering associated with these changes can purify those who do not engage in spiritual practices of purification and balance their karma. 3. Through our prayers and invocations, especially to the sun and Great Central Sun, we can mitigate what is coming to a certain extent. 4. And lastly, by focusing on the vision of a golden age, we can find the hope and courage to endure the transition...

"I have witnessed from the inner planes the work of one called Anastasia and seen the effects of her work in projecting far into the future a vision of beauty, a garden world of Edenic joy. And beyond the window of time and the anti-vision of the forces of darkness, she co-creates at a very high frequency of light that which is even now manifesting through the God-field of perfect vision.

"One of the greatest principles that Anastasia has taught you is that your kin domain may be sanctified through love. The sacred space of love may be created all around you by your loving intent, by your

presence, and by realizing that to put off to a future life in another realm what can manifest in this dimension, in this time here and now is the highest folly of spiritual procrastination. For the Lord gave you dominion through divine thought over all the creation as his son or daughter, as MAN—truly the divine man and woman, the *Manu*-ideal for all.

“You see, dearest ones, when you behold perfection, beauty and the world that we are all co-creating in the present with clarity in your mind, then the angels, the masters, the nature spirits, the hierarchy of light, even unto the most powerful of cosmic beings, come to the aid of that collective vision and see to it that it is manifest as a reality for all.”

In chapters 15 through 19 of *Co-creation*, Anastasia tells the story of her forefather who used the power of imaging combined with singing to quickly establish the first Egyptian dynasty. She said that the priests kept this science of imaging secret and eventually it was lost. But it is coming back; people are beginning to imagine greatness for their countries. At the end of Chapter 19 she made this prediction: “There is not much longer to wait – the country shall have a strong image. It will end all wars, and people’s dreams in splendid clarity will start coming into birth – first in your country [Russia], and then all over the Earth.” Master Omraam said something similar in *Looking into the invisible*, which is recommended reading for MU course 1110. He said:

Master Omraam said in *Looking into the invisible* that “We should dream, but only if our dreams are divine, only if we dream that the kingdom of God is established on earth, that all men live in freedom, light and peace. If many more men and women dreamed such things more often, they would be contributing to making them come true all the sooner.” This book was the textbook for Meru University course 1110, during which we studied the science of co-creation or using pure vision as a way to help precipitate a fulfilling life of divine joy, prosperity and blessedness.”

Several other initiates have said that the Slavic people are destined to play a key role in the coming age. Peter Deunov told his early Bulgarian students, “You are the chosen children of truth who were preordained to form the seed of the new humanity of which Slavdom as a family, descendants of Judah, will become the hearth.” Alice A. Bailey wrote, “the rare mystical spirit and the truly religious orientation of the [Russian] people is the eternal guarantee that a true and living religion and culture will finally emerge. Rudolf Steiner believed the Slavic “folk soul” would play a major role in the future development of a new humanity. He saw the Slavs as a bridge between the East and the West. According to Steiner, the religious thought of the East belongs to the past; the West’s philosophical-scientific thought to the present; the Slavic soul will bridge the two and create a pathway to a spiritual future. More than any other national soul, claimed Steiner, the Russian group soul strives to realize the world of the spirit.

Peter Deunov prophesied that “a new Epoch is ... coming. There will be a new heaven and earth, and a New Humanity [7th Root Race], in which everyone will have such freedom as when God first gave it to them... When we enter [the New Epoch], we will be as free as those who are our Advanced Brothers: the Angels, the Archangels, the Cherubim and the Seraphim.” He painted a glowing word picture of what life would be like in the New Epoch:

“In the new Order, everything old will disappear and all things will be completely new. The fruit too - pears, apples, plums, etc. - will change; they will be different. At the present time, the lemon tree

blossoms and its fruit ripens throughout the whole year. In the future, this will be the same with the apples as well. The culture will be smokeless. Everything will be done by electricity. That which we desire, exists. There are Beings who have this; they live this. The Angels live in such a culture, the kind in which we will live after thousands of years. After thousands of years, we will live in the Angelic Culture. Everything in the world is real. Everything exists already, but it descends from above downwards. The Angelic Culture descends to the human culture.

“All saints, adepts and Masters from time immemorial will come. Their mighty spirit will direct all awakened souls throughout the earth and all of these together will establish perfect order and harmony in the world. After they finish their task, they will withdraw and will leave humanity to live and work under the new conditions. Thus, the communication between the visible and the invisible worlds will be restored.”

We are so blessed to live in this period of time during which the ascended masters communicate with us. We are living this part of the prophecy.

"An illuminated epoch is coming. The idea of brotherhood will come into realization. This Divine Spring will come gradually, not all at once. People will change without noticing. They simply will not notice how they will change. One day they will awake, and they will find themselves in a new stage similar to the caterpillar which enfolds into the cocoon, and once inside, transforms herself into a butterfly which cannot feed on leaves any more. That which is coming now can be called the Manifestation of the Divine Origin in man. The new generation which is coming will renew the world. This means that we are in the epoch when the caterpillars will transform into butterflies.

“When I speak about the new man, I have in mind the people of the Sun who live with Joy.

They are exuberant, generous and overcome their difficulties easily. They are heroes, men with open hearts. They use everything wisely. They enjoy everything. In both suffering and pleasure, the new man is filled with an inner joy. He knows that both the bad and the good conditions are given in order for him to grow.

After the Tribulations, men will cease to sin and will find again the path of virtue. The climate of our planet will be moderated everywhere and brutal variations will no longer exist. The air will once again become pure, the same for water. The parasites will disappear. Men will remember their previous incarnations and they will feel the pleasure of noticing that they are finally liberated from their previous condition. In the same manner that one gets rid of the parasites and dead leaves on the vine, so act the evolved Beings to prepare men to serve the God of Love.

“Great warmth and light are coming into the world. These are Divine powers, which will warm and enlighten human hearts and minds. A great warmth is coming which will melt away the ice. Vapors will rise up from the mountains and clear, pure brooks will flow down. Then luxuriant growths will come forth, the seeds planted thousands of years ago will sprout, will bloom, and will give fruit, and the nations of the entire white race will join hands with each other. This new culture for which man scarcely dares to hope shall come into the world. And all shall be citizens of the new culture, of this New Humanity.

“God’s Love is now coming: that Love which will unite all people into one. All are searching for the One Great Law, which will unite all people, all beings. This Law is Love. Love will provide the sap for the new culture. It will provide the material which will be in accordance with the forms of the future order. When Cosmic Love comes to us, your spirit will transform your body. Then you will be worthy members of the New culture, of the New race.

The houses will not be constructed as they are now, but will be built several kilometers away from one another. The animals will be given rest from the people. To the artists, musicians and other people of the arts, the best conditions for work will exist.

The inner wealth, the knowledge which a person possesses, will be available to all. Now you are provided with air, light and water. One day the bread

too will be given to you like the air, the water and the light. In the new humanity, people will have bread in abundance. Every one will have a home, a garden and fruit trees. When you pass through a place that is new to you, you will be asked from all sides to come in for a visit.

“You have no idea of the grandiose future that awaits you. A New Earth will soon see day. In a few decades the work will be less exacting, and each one will have the time to consecrate spiritual, intellectual and artistic activities. The question of rapport between man and woman will be finally resolved in harmony; each one having the possibility of following their aspirations. The relations of couples will be founded on reciprocal respect and esteem.

“A new culture will see the light of day, it will rest on three principal foundations: the elevation of woman, the elevation of the meek and humble, and the protection of the rights of man.”

Deunov talked about “144,000 members of the Universal White Brotherhood” agreeing to be born in his time and in our time, who will lead the way into the New Epoch. He called them the “the New Humanity” or “the Children of Love.”

“These 144,000 are already living. They are incarnated among the intelligent people. Some of them are writers; others, poets or men of science; and all of them push humanity forward on the path toward the new idea, toward the Divine. These are the enemies of darkness, of the fetters that enchain humanity. And the worldwide unrest, this great change that is coming, is due to them. They will turn this world upside down.”

We are these people.
