I believe Sue Barton cares as much about every individual as we did and she will be one of our most concerned and dedicated advocates in Washington, DC. All of us veterans, those who have served and those now serving, need someone like Sue Barton who will stand up for our rights as veterans. She believes in equal rights for each citizen and will fight for us to again be the America we were brought up to believe in and served and gave our lives for. With our VOTE our Nation can be that again. I believe with Sue Barton we do have a chance.”
