

NEW BOOK BY HAMA TUMA OUT

DEMOCRATIC CANNIBALISM: AFRICAN ABSURDITIES III

Continuing the satirical tradition of his acclaimed African Absurdities series, Hama Tuma has come again with politically incorrect articles on all and sundry in this new book. Democratic Cannibalism holds many satirical articles, a special section named Ethiopianese and also a third part presenting the author's view on the roles and travails of African writers.

Hama Tuma's wit is, as one critic put it, "out there where irreverence reigns" and in this collection dealing with German cannibals, Iraq, Africa, Afghanistan, Haiti and more Hama does not disappoint the reader.

A wonderful book to read.
