

## CURRICULUM

*Name:* Robin Anthony Large

*Qualifications:* MBA, MSc, EngTech (Welding Institute)

*Place of Work:* Aberdeen,

*Telephone* +44 7542 474 555 (Mobile all hours)

### Professional Experience

<i>From</i>	<i>To</i>	<i>Position</i>	<i>Company</i>
01/2011	Present	Senior Project Manager	Bibby Offshore Ltd
03/2010	01/2011	Global Construction And Fabrication Manager	GE Energy - Oil & Gas
01/2008	05/03/10	Project Manager	Saipem Sonsub Division
06/2006	01/2008	Project Manager / Lead	Saipem Sonsub Division
06/2005	06/2006	Senior Proposals Engineer	Sonsub UK
11/2003	06/2005	Senior Project Engineer	Sonsub UK
10/2003	11/2003	Company Representative	Kerr McGee - UK
10/2002	10/2003	MSc Student	Cranfield University
11/2001	10/2002	Senior Project Engineer	Technip Oslo
06/2001	11/2001	Consulting Inspection Engineer	Dominion Diving Nova Scotia
08/2000	06/2001	Senior Project Engineer	Technip Oslo
03/2000	08/2000	Senior Inspection Engineer	Sonsub A/S
09/1999	12/1999	Senior Inspection Engineer	Stolt Comex Seaway UK
07/1997	09/1999	Senior Inspection Engineer	Coflexip Stena UK
06/1997	07/1997	Senior Inspection Engineer	Quest Consulting
10/1996	06/1997	Inspection Engineer	Coflexip Stena UK
12/1995	10/1996	Inspection Engineer	Oceaneering International
10/1995	12/1995	Inspection Coordinator	Stolt Comex Seaway UK
03/1995	10/1995	Inspection Coordinator	Oceaneering International
10/1994	12/1994	Inspection Coordinator	Subsea Offshore UK
09/1994	10/1994	Inspection Coordinator	Pan Ocean UK
08/1994	09/1994	Inspection Coordinator	Subsea Offshore UK
03/1994	08/1994	Inspection Coordinator	Oceaneering International
02/1989	03/1994	Saturation Diver	All Companies – N Sea and West Africa
03/1981	01/1989	Air Diver	All Companies – N Sea and West Africa

Section A

**PROFESSIONAL CURRICULUM**

<i>Period:</i>	05/01/2011	Ongoing
<i>Job/Role:</i>	Senior Project Manager	
<i>Company:</i>	Bibby Offshore Ltd	<i>Department:</i> Operations
<i>Country/Location:</i>	UK / Scotland	

Responsible for the delivery of a Lump Sum priced project to install and commission the Ithaca Athena Subsea structures including SPL Buoy, Mid Water Arches, Manifolds, Umbilicals, Flexible Pipeline and Riser Systems, SPL Moorings System (Wires, Chains, Suction Anchors). Installations will be a combination of WROV and Diver construction carried out from the CSV Boa Deep C and the DSV Bibby Topaz, the work scope includes load-out and sea tow of the buoy system, manufacture and installation of Subsea spools, and commissioning of the completed system.

**PROFESSIONAL CURRICULUM**

<i>Period:</i>	05/03/2010	05/01/2011
<i>Job/Role:</i>	Global Construction and Fabrication Manager	
<i>Company:</i>	GE Oil & Gas	<i>Department:</i> Drilling and production Systems
<i>Country/Location:</i>	UK / International	

Responsible for the on-site performance of multi-disciplinary fabrication teams at all non-GE Rooftop sites (In country fabrication). Currently this includes Egypt (Denise B), Angola (Kizomba Satellites), Australia / Battam (Gorgon). Day to day responsibility for the development and administration of the Quality Management System and the responsibility for the EMS (Employee Management System) for construction personnel reporting directly to me under the Manifold and Connection Systems (MCS) group from Norway and in country.

<i>Period:</i>	28/01/2009	05/03/2010
<i>Job/Role:</i>	Project Manager	
<i>Company:</i>	Saipem Sonsub Division	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen /Norway	

PM for Statoil Morvin deepwater installation of spools, protection covers and umbilical, services hook up. Survey and metrology works including seabed remedial works, Commissioning and test support. Utilising Grampian Surveyor with Olympian 06 WROV, Far Samson with Innovator 23 & 26. Spool and Cover fabrication in Norway.

<i>Period:</i>	01/01/2009	27/01/2009
<i>Job/Role:</i>	Project Manager	
<i>Company:</i>	Saipem Sonsub Division	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen / Italy	

PM for preliminary works for Aberdeen supply of vessel and ROV systems for Transmed 1 ROV Pipeline Remedial works. Cutting, plugging and recovery of Transmed 1 Gas Supply Pipeline. Remedial works to adjacent pipelines. Grampian Surveyor with Olympian 06 WROV,

<i>Period:</i>	01/01/2009	20/01/2009
<i>Job/Role:</i>	Project Manager	
<i>Company:</i>	Saipem Sonsub Division	<i>Department:</i> Commercial
<i>Country/Location:</i>	UK./ Aberdeen	

Marketing studies and commercial risk analysis review of tenders, development of Sonsub IRM strategy for emerging markets and operations.

<i>Period:</i>	from 21/04/2008	December 2008
<i>Job/Role:</i>	Project Manager	
<i>Company:</i>	Saipem Sonsub Division	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen	

Project Manager for the Maersk Oil & Gas IRM Program 2008 to include Air and Saturation diving operations from DSV Bar Protector in support of IRM Activities for all Maersk DUC Installations. Operational June through October 2008

<i>Period:</i>	from 01/03/2008	Ongoing
<i>Job/Role:</i>	Project Manager	
<i>Company:</i>	Saipem Sonsub Division	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen	

Project Manager for the Marathon Oil UK IRM Program 2008 to include diving operations from DSV Bar Protector in support of field maintenance at Brae, Braemar and Sedgwick. Operational July through August 2008

<i>Period:</i>	from 01/01/2008	Ongoing
<i>Job/Role:</i>	Project Manager	
<i>Company:</i>	Saipem Sonsub Division	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen/ Italy / Malta	

Project Manager for the Diving Intervention and Pipeline Repairs for the ENI Operated Giovanna and Emma Pipelines (Adriatic Sea). 3rd Party Dive Vessel (CalDive MV Texas Horizon) mobilised in Malta 01/02/2008 for 30 day 'fast track' offshore campaign in the Adriatic Sea. Additional works to include SCM Change out and Umbilical Function testing to Camilla Production Trees

<i>Period:</i>	from 01/07/2006	21/01/2008
<i>Job/Role:</i>	Lead Engineer / Assistant Manager / Project Manager (Aberdeen)	
<i>Company:</i>	Saipem Sonsub Division	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen/London	

Lead Engineer and Aberdeen Manager for the Saipem Maersk HalfDan installation project 2007. Pipeline installation and trenching is managed through Saipem London. I am responsible for the management of operations and engineering for all Sonsub Div. diving, survey and ROV

<i>Period:</i>	from 02/08/2005	30/06/2006
<i>Job/Role:</i>	Senior Proposals Engineer (Construction Methods)	
<i>Company:</i>	Sonsub Ltd	<i>Department:</i> Commercial & Business Development
<i>Country/Location:</i>	UK./ Aberdeen	

Working within the Commercial and Business Development team to assess construction and inspection methodology and advise/prepare tenders and bids accordingly. Preparation of method statements and presentation of methods and procedures to Client Companies. This work encompassed a range of projects and areas specifically North Sea, Norway, Mediterranean, Gulf of Mexico and West Africa.

<i>Period:</i>	from 02/06/2006	Current
<i>Job/Role:</i>	Senior Projects Engineer	
<i>Company:</i>	Sonsub Ltd	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen	

Lead Engineer for preparation of procedures and working practices for the Firenze FPSO Controlled Disconnect Project Responsible for installation, testing and inspection procedures for the 2006 Firenze Project to be performed by Saipem for FFPP (SBM) onboard the Bar Protector.

<i>Period:</i>	from 02/01/2006	02/06/2006
<i>Job/Role:</i>	Senior Projects Engineer	
<i>Company:</i>	Sonsub Ltd	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen	

Lead Engineer for Site testing and verification then offshore installation of the Columba E Subsea Water Injection Pump project for CNR.

Responsible for installation, commissioning, testing and inspection during the 2006 Columba E Project performed by Saipem for CNR onboard the Bar Protector. Additionally responsible for providing on and offshore engineering in support of the extensive shore side interface trials at Fusa (Norway) with Framo Engineering

Field Engineer responsible for preparation of Platform J Tubes, Subsea hook up of umbilicals and site preparation for the Framo Dual Pump Station.

<i>Period:</i>	from 11/11/2003	02/08/2005
<i>Job/Role:</i>	Senior Projects Engineer	
<i>Company:</i>	Sonsub Ltd	<i>Department:</i> Operations
<i>Country/Location:</i>	UK./ Aberdeen	

BESPS team leader responsible for installation, commissioning, testing and inspection during the 2004/5 Bahr Essalam BCD and Sealines Project performed by Saipem for ENI offshore Libya onboard the Bar Protector, Normand Cutter, and Polar Prince.

Additionally responsible for providing on and offshore engineering in support of the pipeline recovery and AWTI repair for the Libya Gas Transmission System (LGTS) project

Involved in offshore activities onboard the MV Sentinel supporting Castor Sei from Malta and Sicily

Field Engineer responsible for installing crossing supports for LGTS pipeline using Skandi Inspector and Triton WROV in 640m water depth

<i>Period:</i>	From: April 2005	To: August 2005
<i>Job/Role:</i>	Consulting Inspection Engineer	
<i>Company:</i>	Petro Canada	<i>Department:</i> Production
<i>Country/Location:</i>	Terra Nova / New Foundland	

Development of revised Inspection Philosophy for the Terra Nova (Newfoundland) field.

Design and production of Inspection Data formats for 2005 campaign

Generation of web based inspection system. (subsea)

<i>Period:</i>	From: November 2003	To: December 2003
<i>Job/Role:</i>	<i>Kerr McGee Site Representative,</i>	
<i>Company:</i>	<i>Zenoccean/ Kerr McGee</i>	<i>Department: Production</i>
<i>Country/Location:</i>	<i>UK N Sea / Janice</i>	

Liaising with Technip Offshore during trials and tests of abandonment plug systems including reviewing procedures and inputting to HIRA

Overseeing Kerr McGee offshore works to install and abandonment and isolation plug within a subsea discharge pipe utilising Rigid Inflatable Boat (RIB) Nitrox Diving

<i>Period:</i>	From: September 2003	To: October 2003
<i>Job/Role:</i>	<i>Senior Inspection Engineer</i>	
<i>Company:</i>	<i>Zenoccean/ Stolt Offshore Ltd</i>	<i>Department: Inspection</i>
<i>Country/Location:</i>	<i>UK N Sea / Magnus &amp; Bruce</i>	

Responsible for Saturation Diving Inspection using ACFM, MPI and TOFD Ultrasonics of an area of pipeline repair for the Magnus EOR pipeline

Inspecting damaged areas on the Magnus Platform NLGP Riser using MPI as well as Air Diving Caisson inspection at the Bruce PUQ Platform

<i>Period:</i>	From: May 2003	To: June 2003
<i>Job/Role:</i>	<i>Senior Project Engineer</i>	
<i>Company:</i>	<i>Technip Offshore Norge A/S</i>	<i>Department: Engineering</i>
<i>Country/Location:</i>	<i>Norwegian N Sea / Valhall</i>	

Preparing procedures and providing offshore engineering support for jacket pile removal with Hydro abrasive cutting, grouting and dredging services provided by Sonsub utilising two Innovator Work ROV

<i>Period:</i>	From: November 2001	To: September 2002
<i>Job/Role:</i>	<i>Senior Project Engineer</i>	
<i>Company:</i>	<i>Technip Offshore Norge A/S</i>	<i>Department: Engineering</i>
	<i>Norway</i>	
<i>Country/Location:</i>	<i>Norwegian N Sea / Asgard</i>	

Responsible for the heavy lift and installation of template structures, model testing of structures and installing pipeline protection covers as well as preparing tender documents

Preparing procedures and overseeing factory testing and ROV trials as well as providing offshore support using HiROV 6 and Triton XL 22 for Asgard Flexible Riser repairs

Preparing Phase 3 Survey procedures and reporting on diving operations whilst supporting onboard ACFM Inspection, Wet Welding and cutting of redundant appurtenances using Hydro Abrasive Cutting

Recovering redundant pipelines and service facilities, carrying out seabed surveys and clearing debris

Responsible for Phase 3 Onshore Engineering on the abandonment and recovery of the Froy Wellhead Platform and preparing procedures for Air and Saturation diving with Work Class ROV

<i>Period:</i>	From: June 2001	To: November 2002
<i>Job/Role:</i>	<i>Inspection Consultant</i>	
<i>Company:</i>	<i>Dominion Diving Ltd</i>	<i>Department: Engineering</i>
<i>Country/Location:</i>	<i>Nova Scotia / Petro Canada</i>	

Carrying out seabed benthic surveys and pipeline route surveys using SeaEye Surveyor ROV and responsible for ACFM Inspection with Air Divers

Planning and executing the ABS Survey of the Santa Fe – Galaxy II Jack Up (MODU) offshore Nova Scotia

Cleaning and ACFM Inspection of 193 welds and nodes as well as inspecting and repairing a Corrocean Corrosion Monitoring System

Removing a redundant wellhead using explosives and Broco cutting techniques and submitting the final report to the relevant authorities

<i>Period:</i>	From: June 2000	To: June 2001
<i>Job/Role:</i>	<i>Senior Project Engineer</i>	
<i>Company:</i>	<i>Coflexip Stena Offshore A/S</i>	<i>Department: Engineering</i>
	<i>Norway</i>	
<i>Country/Location:</i>	<i>Norway N Sea / Frigg and Froy</i>	

Responsible for ACFM inspection, Oxy Arc cutting, Roberts Cutter tooling, heavy lift, general inspection and dimensional tasks whilst ensuring adherence to the contract to HMC and

TotalFinaElf Norway

Carrying out all necessary administration relating to the Subsea survey and inspection and evaluating reports and compiling procedures for the Abandonment Programme

Using Work Class ROV and CorrOcean EMD Inspection tools for the Eddy Current Inspection and FMD for Froy WHP Structure of the 152 welds on each structure

Completing airlift and dredging evaluation for removal of soil plugs at the Froy and East Frigg structures

Preparing procedures and schedules for the Frigg and Froy Abandonment project with the aim of identifying and surveying the structure at East Frigg, Lille Frigg, Fry and Frigg Flare base

Determining the present condition and assess each structure for removal during 2001

<i>Period:</i>	From: March 2000	To: August 2000
<i>Job/Role:</i>	Senior Project Engineer	
<i>Company:</i>	Sonsub A/S	<i>Department:</i> Operations
<i>Country/Location:</i>	Norway / Stavanger	

Preparing the Inspection Workscope and Operations and submitting the final reports as well as collating, analysing and presenting the results from the Offshore Inspection

Superintendent for the inspection program at Balder & Jotun involving the inspection of the Jotun FPSO, Jotun WHP and Gas Export Pipeline, Balder FPU, Balder Subsea Wells, Flowlines and Risers

<i>Period:</i>	From: September 1999	To: November 1999
<i>Job/Role:</i>	Senior Inspection Engineer	
<i>Company:</i>	Stolt Comex Seaway	<i>Department:</i> Inspection
<i>Country/Location:</i>	UK N Sea / Pierce / Nelson	

Responsible for the annual pipeline and subsea structure inspections of the Pierce & Nelson Fields and the baseline survey of the hull and STP Mooring System on behalf of Lloyds Register Integrity Management

<i>Period:</i>	From: February 1999	To: September 1999
<i>Job/Role:</i>	Senior Inspection Engineer	
<i>Company:</i>	Coflexip Stena Offshore	<i>Department:</i> Inspection
<i>Country/Location:</i>	UK N Sea / Gannet / Curlew	

Responsible for all project administration relating to the construction and diving works and spool piece installations including foundation and protection mattresses and final survey works

Carrying out well intervention works at Gannet and Curlew Fields including diving worksopes at Curlew as well as investigating anchor wire displacement of pipelines and installations and carrying out any necessary repairs

PPCoN Marine Operations Monitoring for the Ekkofisk Pipeline Repair Project and diving worksopes to replace the HIPPS manifold and associated transducers. Providing support for the completion of the conversion of wells to Monobore configuration and the laydown of Coflexip flexible jumpers at UMC. Installing SSIV and Wye Valve Stations, pipeline metrology and seven welded tie-ins as well as umbilical installation, survey and testing. Responsible for Hyperbaric Tie-Ins for the Harald to South Arne/Nybro Gas transport system whilst pigging, dewatering and further commissioning of lines

<i>Period:</i>	From: July 1997	To: July 1999
<i>Job/Role:</i>	Inspection Coordinator/Project Administrator/MOMS Operator	
<i>Company:</i>	Coflexip Stena Offshore	<i>Department:</i> Inspection
<i>Country/Location:</i>	UK N Sea / Gannet / Curlew	

Providing engineering support and administration for projects onboard the CSO Seawell, CSO

Base at Westhill and client representatives

Providing NDE and inspection services onboard CSO Seawell as well as collating information in support of PPCoN operations using Marine Operations Monitoring Systems (MOMS)

Preparing user support manuals and procedures for MOMS using Oracle Database tools

Working on various inspection, well intervention, field abandonment and well decommissioning projects on behalf of such clients as Shell Expro, PPCoN Norway, Kerr McGee, Talisman, Lasmo, BP Exploration and Elf Exploration

<i>Period:</i>	From: June 1997	To: July 1997
<i>Job/Role:</i>	<i>Inspection Coordinator,</i>	
<i>Company:</i>	<i>Quest Consulting UK Ltd</i>	<i>Department: Inspection</i>
<i>Country/Location:</i>	<i>UK N Sea / Heather Alpha</i>	

Providing NDE and Inspection services and planning in support of the ROV inspection of the Heather Alpha production and processing platform

<i>Period:</i>	From: July 1996	To: July 1997
<i>Job/Role:</i>	<i>Inspection Coordinator/Project Administrator/MOMS Operator</i>	
<i>Company:</i>	<i>Coflexip Stena Offshore</i>	<i>Department: Inspection</i>
<i>Country/Location:</i>	<i>Norway N Sea / Ekkofisk</i>	

:

Coordinating engineering and administration projects onboard the CSO Seawell, CSO Base at Westhill and client representatives as well as providing NDE and inspection services as required

Collating information in support of PPCoN operations using Marine Operations Monitoring System and preparing user support manuals and procedures for MOMS

Working on diver based, ROV based and inspection projects for Elf Petroleum, SAGA Petroleum, Elf Norge, BHP Petroleum, MSR, Philips Petroleum Norway and AGIP UK

<i>Period:</i>	From: January 1996	To: October 1996
<i>Job/Role:</i>	<i>Inspection Engineer/Coordinator,</i>	
<i>Company:</i>	<i>Oceaneering International</i>	<i>Department: Inspection Services Ltd</i>
<i>Country/Location:</i>	<i>Morecambe Bay / BHP</i>	

Providing NDE and inspection services onboard various vessels offshore, preparing clients and contractor procedures

Preparing drawings in support of operations and operating the COABIS database

Projects including recovering a dropped Firewater Lift Pump and completing and MPI and CVI inspection of any resulting damage to frame members and Spud Can of the Douglas Jack Up Accommodation Rig

<i>Period:</i>	From: December 1995	To: January 1996
<i>Job/Role:</i>	<i>Inspection Engineer/Coordinator,</i>	
<i>Company:</i>	<i>Oceaneering International</i>	<i>Department: Inspection Services Ltd</i>
<i>Country/Location:</i>	<i>Nigeria</i>	

Supporting Oceaneering Nigeria operations at Warri and Port Harcourt from an NDE and inspection perspective

Scheduling and implementing the inspection and maintenance work of the vessel and producing final reports

<i>Period:</i>	From: October 1995	To: December 1995
<i>Job/Role:</i>	<i>Inspection Engineer/Coordinator,</i>	
<i>Company:</i>	<i>Stolt Comex Seaway</i>	<i>Department: Inspection</i>
<i>Country/Location:</i>	<i>UK N Sea</i>	

Supporting Work Class, inspection Class and Multi Role ROV systems and carrying out Eddy current inspection using remote systems on REMO SCV ROV

Carrying out inspections during 1995 ROV NDT Program at Tartan Alpha including Petronella, Highlander and Strathspey subsea structures and flowline

<i>Period:</i>	From: March 1995	To: October 1995
<i>Job/Role:</i>	<i>Inspection Engineer/Coordinator,</i>	
<i>Company:</i>	<i>Oceaneering International</i>	<i>Department: Inspection</i>
	<i>Services Ltd</i>	
<i>Country/Location:</i>	<i>UK SN Sea</i>	

Providing NDE and inspection services in support of Oceaneering International operations in the Southern North Sea

Preparing worksopes and procedures for the inspection programme for the Shell SFU 1995 inspection including COABIS inspection recording and executing the ROV component of the project involving Air Diving

<i>Period:</i>	From: October 1994	To: November 1994 1995
<i>Job/Role:</i>	<i>Inspection Engineer/Coordinator,</i>	
<i>Company:</i>	<i>Pan Ocean – Marine Offshore</i>	<i>Department: Inspection</i>
	<i>Management</i>	
<i>Country/Location:</i>	<i>UK SN Sea</i>	

Working on the Murchison structural inspection on behalf of Conoco utilising a SeaWorker ROV spread including all members, flowlines, risers and caissons

<i>Period:</i>	From: August 1994	To: September 1994
<i>Job/Role:</i>	<i>Inspection Engineer/Coordinator,</i>	
<i>Company:</i>	<i>SubSea Offshore</i>	<i>Department: Inspection</i>
<i>Country/Location:</i>	<i>UK SN Sea</i>	

Supporting DSV based ROV inspections including working on Scapa, Claymore Alpha, Piper Bravo and Saltire on behalf of Elf

Responsible for saturation diving and inspection and work class ROV inspections including templates, pipelines and associated structures

<i>Period:</i>	From: August 1994	To: September 1994
<i>Job/Role:</i>	<i>Inspection Engineer/Coordinator,</i>	
<i>Company:</i>	<i>Oceaneering International</i>	<i>Department: Inspection</i>
	<i>Services Ltd</i>	
<i>Country/Location:</i>	<i>UK SN Sea</i>	

Inspecting and repairing conductor guide frames on Shell Expro Dunlin Alpha using MPI, UT and CP as well as still photography and digital surveys involving air diving from Semi-Sub Flotel

<i>Period:</i>	From: 1989	To: 1994
<i>Job/Role:</i>	<i>Saturation Diver (Part 2)</i>	
<i>Company:</i>	<i>Various</i>	<i>Department: Offshore</i>
<i>Country/Location:</i>	<i>UK, Norway, Denmark, Congo, Gabon, Nigeria, India and South Africa</i>	

Working for various offshore contractors in an inspection and construction capacity involving working from fixed platforms, mobile offshore drilling units and DP vessels

Depths ranging from EI – 30m to EI – 198m on behalf of such contractors as McDermott North Sea, Rockwater, Comex and Sub Sea.

<i>Period:</i>	From: 1983	To: 1989
<i>Job/Role:</i>	<i>Air Diver (Part 1)</i>	
<i>Company:</i>	<i>Various</i>	<i>Department: Offshore</i>
<i>Country/Location:</i>	<i>UK, Norway, Denmark, Congo, Gabon, Nigeria, India and South Africa</i>	

Surface Supplied, SCUBA and Surface Gas diving in an inspection and construction capacity from fixed platforms, mobile offshore drilling units, DP vessels and shore locations

Completing pipeline and riser installations and SBM maintenance, seabed surveys, visual inspections and MPI programs up to a depth of 60m

Section D

**MEMBERSHIP**

<i>Organisation/description::</i>	<i>Position:</i>	<i>Enrollment:</i>
Association of MBA's	Member	2008
Society of Petroleum Engineers	Member	2005
Society for Risk Analysis	Member	2004
Chartered Management Institute	Member	2004
Energy Institute	Member	2003
Society for Underwater Technology	Member	2003
American Welding Society	Member	2002
Marine Technology Society	Member	2000
The Welding Institute	Technician	2001
Welding & Joining Society	Associate	2001
Canadian Institute for NDE	Member	1998
International Association of Quality Practitioners	Member	1990
British Institute of Non Destructive Testing	Member	1989

Section E

**LANGUAGES KNOWLEDGE**

<i>Language:</i>	<i>Level:</i>
English	5 Advanced
Swedish	2 Practical
Norwegian	1 Practical

Section F

**TEACHING ACTIVITIES**

*Subject:* Business Administration  
*Pupils:* Business School Distance Learning Students  
*Entrusting Body* Manchester University Business School  
*Period and location:* Teaching Assistant to MBSW – Internet enabled distance learning – 2007, 2008 & 2009 (ongoing). Specializing in Organisational Behaviour and Business Information Systems.

*Subject:* Inspection to CSWIP 3.4u and 3.3u  
*Pupils:* Various Divers / ROV Pilots / Others  
*Entrusting Body* CSWIP  
*Period and location:* 1992 & 1993 – June to August Wray Castle, Cumbria, UK

## Section I

### PROFESSIONAL TRAINING

*Title of the course:* **Masters Degree in Law (LLM)**

*School:* Robert Gordon University

*Period and location:* Aberdeen – 2007 – ongoing (complete 2011)

*Title of the course:* **Masters Degree in Business Administration**

*School:* Manchester University Business School

*Period and location:* Manchester – 2003 – 2006 – Awarded with Merit

*Title of the course:* **Kerr McGee Permit Leader Level II**

*School:* Montrose Training Centre

*Period and location:* Aberdeen – 2003

*Title of the course:* **Masters Degree in Offshore Technology – Subsea Engineering**

*School:* Cranfield University

*Period and location:* Cranfield UK – 2002/2003

*Title of the course:* **Workplace Hazardous Materials Information Systems**

*School:* Canadian & Nova Scotia Offshore Petroleum Board

*Period and location:* June 2001

*Title of the course:* **First Aid at Work Certification**

*School:* St Johns Ambulance

*Period and location:* Liverpool 2001

*Title of the course:* **BS EN 287 Weld Approvals Testing**

*School:* The Welding Institute

*Period and location:* Cambridge – 2001

*Title of the course:* **BS EN 288 Formulation of Weld Procedures**

*School:* The Welding Institute

*Period and location:* Cambridge – 2001

*Title of the course:* **Offshore Legislation for the Diving Industry**

*School:* Aberdeen University

*Period and location:* Aberdeen UK - 1996

*Title of the course:* **ROV Pilot/Tech (AODC)**

*School:* Wray Castle

*Period and location:* Wray Castle, Cumbria – 1995

*Title of the course:* **AutoCAD – City & Guilds Levels 1 & 2**

*School:* West Cheshire Technical College

*Period and location:* Merseyside UK – 1995

*Title of the course:* **ACFM**

*School:* The Welding Institute

*Period and location:* Middlesbrough – 1994

*Title of the course:* **CSWIP Eddy Current Level II / CSWIP ACFM Level II / CSWIP Level II  
EMD Inspection Methods**

*School:* The Welding Institute

*Period and location:* Middlesbrough – 1994

*Title of the course:* **LIZARD EMA (Force Institute)**

*School:* Force Institute,

*Period and location:* Copenhagen, Denmark – 1994

*Title of the course:* **Component Anomaly Based Inspection Systems (COABIS)**

*School:* COABIS Training Developers (LRIM)

*Period and location:* Aberdeen – 1994

*Title of the course:* **CSWIP 3.4u Coordinator**

*School:* The Welding Institute

*Period and location:* Cambridge – 1993

*Title of the course:* **Offshore Survival (OLF) 6131**

*School:* RGIT, Aberdeen; PETANS, Norwich, Fleetwood Nautical College

*Period and location:* 1989, 1993, 1997, 2000, 2003, 2007
