

Sigma Chi Capital City Alumni Association

Capital City Constantine

Recently, Capital City was contacted by a new Interest Group in the Eastern Province, Sigma Chi Sigma, located at The Johns Hopkins University in Baltimore, Maryland. The New Chapter Development Committee approved the School in the Spring 2002 as an Interest Group pursuant to the Fraternity's Governing Laws. Upon receipt of a Declaration of Intent by the NCDC and approval of the Executive Committee at the next regular scheduled Executive Committee, Sigma Chi Sigma can be officially known as a "Petitioning Local" and will have to meet the requirements of the Fraternity Expansion Petitioning Procedures. The Policy is listed on pages 51 – 65 of the Fraternity's Standard Operation Procedure (SOP).

Thus far, here are some of Sigma Chi Sigma highlights:

- University approved as school on the Expansion Policy's Interest List;
- Raised over \$1,000 for the Children's Miracle Network;
- Contributed over 55 hours of service to the Johns Hopkins Spring Fair;
- Contacted a Sigma Chi's in the area, in the medical campus, and also on staff at Hopkins (Robert Lindgren - JHU's VP of the Alumni Development Committee, Sgt. Matthew Eversmann - famous for the real life story of Black Hawk Down and now positioned with JHU's ROTC);
- Following the Sigma Chi model bylaws structure and have developed and completed a formal set of Chapter Bylaws;
- Planned community/campus service for the future (including plans for an alumni and faculty banquet);
- Been visited and received recommendations from the Eastern Province Grand Praetor Harvey Silverman; and
- Recently gained some influential and positive awareness from Hopkins' Dean of Arts and Sciences.

Capital City wishes **Joseph Chung**, a SIG from Utah State University, Gamma Kappa Chapter and men of Sigma Chi Sigma success on their path in becoming an undergraduate Chapter.
