

Petition

To: President Susilo Bambang Yudhoyono

We believe that the prosecutors have not proven Schapelle Corby's guilt. We believe the verdict handed down on the 27th May 2005 is unjust and that an innocent woman has been convicted. Without evidence of means or motive, we do not believe that she can be proven guilty.

We implore you and your Government to revise your anti-smuggling laws so that Schapelle Corby can return home and not continue to suffer in prison.

Sincerely,
