

11th Annual Smoky Mountain Weekend
Presented by
The Sevier County Fire Chiefs' Association
&
The Sevier County Training Officers' Association

Date: Saturday, March 7, 2009 & Sunday, March 8, 2009

Time: Saturday- Registration 7:00 a.m.-7:45 a.m.
Classes 8:00 a.m.-5:00 p.m.
Sunday- Classes 8:00 a.m.-4:00 p.m.

Location(s): Walters State Community College, Sevierville, TN
Sevier County High School, Sevierville, TN
And other locations as needed due to class demands.

Registration forms and class titles are enclosed. Please pay close attention to the registration form. **Registration forms received without four class choices for each student will not be processed and will be returned to the department to be completed. The registration deadline is no later than December 31, 2008.** The number of students is limited in some of the classes, so register as soon as possible (First Come-First Served Basis). This year's Smoky Mountain Weekend also features some specialty classes. These classes are listed on separate forms due to separate registration fees and/or pre-approval requirements. **Registration fees will also include continental breakfast and lunch each day. The continental breakfast and lunch will be provided by the Walters State Community College Culinary Arts Program.**

Student fees must be paid in advance and must be sent with the registration form (Specialty classes have a separate registration fee). **Make checks payable to Sevier County Fire Chiefs Association. NO REFUNDS,** though you may make student substitutions on or before class dates. Mail registration form along with payment to:

**Sevier County Fire Chiefs' Association
P. O. Box 306
Pigeon Forge, TN 37868**

We hope that you also plan to visit our revised/improved vendor program which will be held at Walters State Community College this year. Walters State Community College will be available to discuss converting your training credits to college accreditation with anyone who is interested in seeking a college degree.

If you need assistance with your hotel/motel reservations, you can visit www.travelcoupons.com for available discount coupons for area hotels/motels.

We wish to thank the Sevier County Training Officers Association, Walters State Community College, Tennessee Fireman's Association, the Tennessee Fire Chief's Association, Chief Robert Key and Assistant Chief Terry Loveday with the Knoxville Fire Department, Sevier County Utility District, Tennessee Propane Gas Association, and Mark Bowery/Phil Ownby of VFIS for making this weekend possible.

We hope to see you at this rewarding training session. If you should have additional questions, please feel free to contact us by email at scfca@bellsouth.net or call our office at (865) 654-5810. Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Anthony Carr".

Anthony Carr

President
Sevier County Fire Chiefs' Association

(COURSE SELECTIONS CONTINUED ON NEXT PAGE)

COURSE SELECTIONS FOR
SMOKY MOUNTAIN WEEKEND

March 7 & 8, 2009

Must pre-register by December 31, 2008, by mailing the complete registration form with your check made payable to: **Sevier County Fire Chiefs Association.**

Courses offered by other organizations are as follows:

All classes are 15 hours in length unless otherwise specified!

Class Identification #'s

21 Advanced Rescue Equipment & Techniques

Pre-requisite: Students must have already attended and completed a Basic Vehicle Extrication class. Applicants must submit a copy of their Basic Vehicle Extrication certificate with the registration form.

22 Decontamination Operations

This class involves both classroom and hands-on activities! All students must have Firefighter Protective Clothing!

23 Downed Aircraft In Your Community

24 Electrical Fundamentals for Fire Investigators

Pre-requisites: Tennessee Fire Academy's Basic Origin and Cause Investigation. This course covers basic electrical theory as outlined in NFPA 921 (2004) Chapter 8 and discusses the analysis of electrical systems and equipment.

25 Farm Rescue Awareness (Limit to 25 students)

This class involves hands-on training using a Training Prop! All Students must have Firefighter Protective Clothing!

26 Firefighter Survival: "Get Out Alive"

Pre-requisites: Students must have already attended and completed the 58 hour Basic Fire Fighting Course and the 22 hour Live Fire Fighting Course to be eligible to attend this class. Applicants must submit a copy of these certificates with the registration form.

27 ICS-300 Intermediate Incident Command System

Pre-requisites: Students must have already attended and completed the IS-100, IS-200, IS-700, and IS-800 courses. Applicants must submit copies of these certificates with the registration form.

28 ICS-400 Advanced Incident Command System

Pre-requisites: Students must have already attended and completed the IS-100, IS-200, IS-700, IS-800, and ICS-300 courses. Applicants must submit copies of these certificates with the registration form.

29 Introduction to Basic Vehicle Rescue

This class involves extreme physical activity! Students must bring their own Personal Protective Equipment. On Sunday, students will travel to a different location. Students must have transportation!

30 Introduction to Fire Department Pumpers (Limit to 30 students)

31 Low Angle Rope Rescue

This class involves extreme physical activity! Students must wear long pants, boots, and gloves. This class will involve classroom and outside hands-on activities. Students will be taught rescue ropes/knots and will apply these techniques during this course.

32 Map & Compass Refresher / Introduction to Track Awareness

Students should be physically fit and equipped for a search and rescue field response. Map & Compass: This hands-on workshop will enable the student to become proficient in the basic components of map and compass skills.

Introduction to Track Awareness: This course will introduce the skills of tracking-the art of following a trail of an animal or human by reading the signs left behind along their path.

(COURSE SELECTIONS CONTINUED ON NEXT PAGE)

COURSE SELECTIONS FOR
SMOKY MOUNTAIN WEEKEND
(continued)

Sevier County Fire Chief's Association
Presents
The 2009
Smoky Mountain Weekend

Company Officer
Professional Development Class

This is a class designed for company officers riding front seat and supervising daily operations and initial fire attack for your department.

The class space is limited, so sign up soon!

This Years Featured Speakers are:

Former president of the International Society of Fire Instructors
and current Editor-in-Chief of FireRescue Magazine

Tim Sendelbach

Deputy Fire Chief of the Loveland-Symmes Fire Department in Ohio,
Associate/Contributing Editor for Firehouse Magazine,
and co-founder of www.FirefighterCloseCalls.com

Chief Billy Goldfeder

This is a national caliber class only found at venues such as Fire Rescue International (FRI) and Fire Rescue Expo. Our speakers have presented their topics across the nation. The class is offered to provide Company Officers with the opportunity to attend a world class seminar without leaving Tennessee and at a reasonable price.

The class has been reviewed by the *Tennessee Commission on Fire Fighting* and **approved** for 15 hours of **Specialized Training Credit** for 2009.

Join your peers at this magnificent conference March 7 & 8, 2009 at the Sevier County High School Auditorium, Sevierville, Tennessee.

To allow additional time to network with your peers and included in your registration fee, lunch will be provided on Saturday and Sunday at the Walters State Community College Cafeteria with shuttle service provided.

Join Us at SMW 09

Company Officer Professional Development Class

(This class is limited to 125 students)

(Cost of this class is \$ 110.00)

This program will provide a relevant educational advancement for both existing and newly appointed company officers riding front seat and supervising daily operations and initial fire attack for your department.

Featured speakers: **Tim Sendelbach** and **Chief Billy Goldfeder**

The class has been reviewed by the Tennessee Commission on Fire Fighting and **approved** for 15 hours of **Specialized Training Credit** for 2009.

The location of this class will be at the Sevier County High School Auditorium in Sevierville. You must call Ginger at 865-425-3520 or Darryl at 865-755-5364 to get a pre-approval authorization number and include your confirmation number on this registration form. Once you have received a confirmation number, this form along with payment must be received by the Sevier County Fire Chiefs Association within two weeks (14 days). If this form and payment is not received within two weeks (14 days) of you receiving a confirmation number, your reservation in this class will be canceled.

ADVANCED ARSON DETECTION for FIREFIGHTERS and FIRE OFFICERS
(This class is limited to 20 students)
(Limit 1 attendee per department)
(Cost of this class is \$ 85.00)

Pre-requisites: Arson Detection for the First Responder and be a fire officer responsible for determining the cause of the fire. You must call 865-654-5810 to get a pre-approval authorization number and include your confirmation number on this registration form. Once you have received a confirmation number, this form along with payment must be received by the Sevier County Fire Chiefs Association within two weeks (14 days). If this form and payment is not received within two weeks (14 days) of you receiving a confirmation number, your reservation in this class will be canceled.

Dates of this class are March 6-8, 2009.

Class Hours: Friday-	Registration	6:00 p.m.
	Class	6:00 p.m.-9:00 p.m.
Saturday-	Class	8:00 a.m.-5:00 p.m.
Sunday-	Class	8:00 a.m.-4:00 p.m.

Class Description:

Fire officers will be able to determine the origin of the fire, and then make the proper classification of the cause and notification of the agency responsible for follow-up investigations in their area. The student will also be able to handle the investigation and scene preservation with a minimum of equipment and manpower. The course addresses the requirements listed in (*NFPA 1021, Fire Officers Professional Qualifications, 2009 ed. and NFPA 1001 Standard for Fire Fighter Professional Qualifications, 2008 ed.*)

Topics that will be discussed in this class are:

The Legal Needs of Investigations	Fire Causes
Evidence	Motives of Fire Setters
Determining the Point of Origin	Initial Interviewing
Fatal Fires	Documentation of the Scene
Courtroom Testimony	Scene Investigation

Operations: Swiftwater First Responder

Lead Instructor: Bill Matney

(This class is limited to 30 students)

This two-day course is designed to provide students with both a theoretical and practical knowledge of the basics of swiftwater rescue. The class includes one day of classroom instruction and one day of practical field exercise. Students are trained in hazard recognition, equipment use, and basic shore and boat-based rescue techniques, as well as a wide variety of other skills, including:

- accepted criteria for determining risk/benefit decisions
- effecting a shore-based aquatic rescue using generally accepted reach and throw techniques
- in-water self-rescue and safety techniques
- how to deal with basic water-related medical emergencies
- understanding the application of water rescue techniques using commonly available fire service equipment
- basic boat-based rescue concerns and techniques
- basic moving water self-rescue techniques

After completing the course, certified personnel may participate in higher risk, technical water rescues under the supervision of technician level rescuers.

Standard: NFPA 1670 Awareness (Water)

Prerequisites: Basic swimming ability

Equipment: Basic water equipment

Basic Water Equipment needed:

- full wetsuit or drysuit
- lightweight water or kayak helmet
- USCG Type 111 or V approved lifejacket/PFD
- thick-soled water booties or tennis shoes
- gloves

You must call 865-388-7114 to get a pre-approval authorization number and include your confirmation number on this registration form. Once you have received a confirmation number, this form along with payment must be received by the Sevier County Fire Chiefs Association within two weeks (14 days). If this form and payment is not received within two weeks (14 days) of you receiving a confirmation number, your reservation in this class will be canceled.

Junior Firefighter and Fire Explorer Class

(This class is limited to 25 students)

(Cost of this class is \$ 50.00)

This year we are advertising the Junior Firefighter and Fire Explorer Class. We have held this class in the recent past with good success. This class will involve classroom and physical exertion. Students must be at least **15 years of age** to participate in this class. Students must bring their own personal protective equipment.

A letter from the students sponsoring department must also be sent with this registration form. The letter must be on the department's letterhead and include a statement releasing the Sevier County Fire Chiefs' Association, and the Sevier County Board of Education from any liability. The letter must include signatures from the Fire Chief, Junior Firefighter or Explorer Program Advisor, and the students Parents.

The Fire Chief or Program Advisor must call 865-425-3520 or 865-755-5364 to get a pre-approval authorization number and include the number on this registration form.

Establishing a Fire Department Citizen Auxiliary

(This is a one day course and each class size is limited to 30 students)

(Cost of this course is free. However there is a \$ 20.00 meal fee)

(You can choose to attend class on Saturday or Sunday)

The purpose of this program is to provide those who attend, with a proven concept and method on creating a successful Citizen Volunteer Auxiliary, for any Fire Department regardless of whether it is paid, volunteer or combination of both.

The topics covered and listed below are directly based on other successful programs from across our nation. However, we will also visit some programs which failed, this is to insure we learn from their mistakes, and we don't make those mistakes, as your program moves forward.

- ◇ The basic concept of an Auxiliary and explain how to identify functions which can be performed by Citizen Volunteers to assist the fire department in serving the Community it is charged with serving.
- ◇ Establishing a successful Citizen Auxiliary Program through the creation of a partnership with your Fire Department Administration and department employees and/or members.
- ◇ Understanding the resources available to you, in addition to detailed information, documents and suggestions on how to start, maintain and grow your Auxiliary based on other programs from around the country.
- ◇ Register you Auxiliary as a Fire Corps Program, and understand all of the potential benefits to be gained by being a Registered Fire Corps Program.
- ◇ Recruitment and Retention will hopefully help you establish a pool of citizens from which to draw from, but probably more important, is how to keep your members active through a variety of different ways, all of which benefit the department and the community.
- ◇ Review some of the innovative practices Auxiliaries are using here in the State of Tennessee, but also review programs from around the nation, which hopefully will help you develop a high quality program which spotlights not only your organization, but the Fire Department as well.

Upon the completion of this program, those who attended should have an excellent understanding of both the Fire Department and the Citizen Auxiliary, and what is necessary for both to work in harmony with each other. They will also understand it is extremely imperative, a Citizen Volunteer Auxiliary, no matter how small or large, in any size department, must, at all times be an asset and never a liability to be successful.

You must call 865-437-6351 to get a pre-approval authorization number and include your confirmation number on this registration form. Once you have received a confirmation number, this form along with payment must be received by the Sevier County Fire Chiefs Association within two weeks (14 days). If this form and payment is not received within two weeks (14 days) of you receiving a confirmation number, your reservation in this class will be canceled.

(This class is limited to 25 students)

(Cost of this class is \$ 30.00)

This year we are working with Walters State Community College to offer a First Responder recertification class. This class meets all State of Tennessee Emergency Medical Services requirements. Students attending will receive 1.6 ceu's for their First Responder recertification. The class will be held at Walters State Community College – Sevierville Campus.

As part of the registration process for this course, Walters State Community College requires that you provide your social security number.
