FREDDY

Nope.

LUKE

You see that Steinbrenner made him cut his hair?

FREDDY

He looks way less scary.

LUKE

Yeah, he's less intimidating to pitchers. It could shave twenty points off his batting average.

Freddy turns away to talk to someone else. April looks a little weirded out by Luke's interaction with him.

LUKE (cont'd)

(to April)

Hey, what's that kid's name?

APRIL

Freddy. His name's Freddy.

LUKE

Freddy Freddy, ready and steady. Nice kid.

APRIL

Yeah. I should study a little.

LUKE

Go to it.

Luke looks happy to have made at least one small connection. April looks a little uncomfortable, as she pulls out some math materials to go over.

LORELAI

Cletus is the more gentle, but they're both sweethearts. Rob is outside to get you started.
