In the last few years the world has gone from one Earth-shaking crisis to another. While some say that we are on the threshold of a Brave New World Order, others warn that humanity now totters on the brink of unprecedented disaster & chaos!

Reading the news nowadays is not the most cheerful way to start the day! Day by day the world's problems grow more desperate & insurmountable. The question which plagues every thinking person is...What lies ahead?

But has any mortal man ever been able to transcend the bounds of time & peer into the future? Throughout history there have been many who have claimed such powers, and some like Nostradamus, the Fatima Children, Edgar Cayce and Jeane Dixon are widely accepted as having predicted various future events.

And the world stage is now being set for the fulfillment of one awesome vision that many of these seers had in common: an event so cataclysmic that it will change the World as we now know it for ever ... the final apocalypse, Arhiageddon!

Knowledge Increased

*"...many shall run to & fro & **knowledge shall be increased**"! (Daniel 12:4)*

Knowledge has certainly increased within this generation almost beyond imagination! In fact according to research studies, the total store of human knowledge is now **doubling** every eight years."

80% of all the scientists who have ever lived are alive today. Every **minute** they add **2000 pages** to man's scientific knowledge, and the scientific material they produce every **24 hours** would take one person **5 years** to read. About a **half-million** new books are published every year.

When Apollo 13 was lost in space, computers worked out in an hour & a half a way to bring it back. It's reported that it would have taken a scientist working with pencil & paper over a million years to figure out how to perform the same feat.

But even since 1970 computer technology has developed so fast that if the auto industry had developed at the same rate, you would today be able to buy a **Rolls Royce for three dollars!** ... and you could fit **eight** them on the head of a pin! The most basic building block of computer technology, the transistor, was invented at Bell Labs in 1948. In 1994 a computer chip could hold 3.1 million transistors, more than twice as many as the previous year's model. By the end of the decade, a chip will contain more than a billion transistors. Machines today have become so complicated, only the most highly trained technicians can even understand them!

But have all these amazing scientific discoveries & technological breakthroughs made mankind any happier or more civilized? It seems like the more gadgets & luxuries with which man tries to find happiness & satisfaction, the more discontented & miserable he becomes!

In our day & age "knowledge" has certainly "increased". But

Violence is glorified in America, where the national icons from Sylvester Stallone to Arnold Swartzenegger tend to be men who excel at violence. Movies such as the "Rambo" and "Terminator" series, which have grossed millions of dollars worldwide, illustrate how voracious the appetite for violence is in today's world.

Children's cartoons today also contain all kinds of sickening violence. Eclipsing "The Teenage Ninja Mutant Turtles" and "The Simpsons", MTV's "Beavis and Butthead" has become a children's favorite. A far cry from the Disney cartoons of a generation ago, Beavis and Butthead routinely torture animals, set fire to furniture and engage in all kinds of abhorrent juvenile behavior.

Then there's horror movies. Many pre-teens today watch this type of movie at "gross-out" parties with their friends. Video shops report that horror movies are especially popular among 11-to-15-year olds.

Also there's rock music videos, many of which romanticize violence, sexual assaults and murder.

Between the 7th and 12th grades, the average American teenager will listen to and watch 11,000 hours of rock music more than twice the time they will spend in class.

The fruit of all this is that the rock 'n' roll era has seen violent crime increase among young people by over 10,000%. Today In the U.S. alone a violent crime is committed every 25 seconds. Every 9 seconds a home is burglarized. A woman is raped every six minutes. Every 25 minutes someone is murdered.

War

"And ye shall hear of wars & rumors of wars... For nation shall rise against nation, & kingdom against kingdom:" (Matthew 24:7)

No period has witnessed the escalation of wars as has the 20th Century. The Red Cross has estimated that over 100 million people have been killed in wars since the 20th Century began. Up until 1914, war had never been universal, but in both World War 1 & 2, total war was waged.

Since World War II, the war that was supposed to make the world safe for democracy, there have been numerous major wars & hundreds of rebellions & revolutions. The death toll in conflicts since the end of World War II has now topped 23 million.

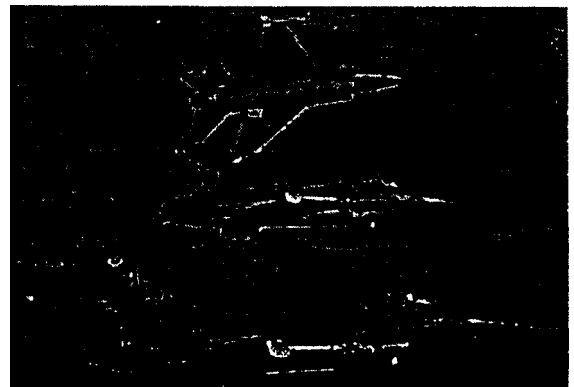

November '89!--The opening of the Berlin Wall symbolizes the end of the Cold War between the Superpowers ... But instead of the expected peace, more "wars & rumors of wars" raged around our planet. In 1993 a record 29 major wars were

fought.

"Nation rising against nation, & kingdom against kingdom" could more accurately be translated as "ethnic group rising against ethnic group"--a prophecy dreadfully fulfilled in former Yugoslavia, Rwanda & other trouble spots around the World. Not only are "wars & rumors of wars" on the increase, but also the horrors that wars unleash.

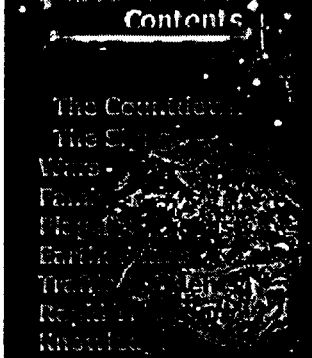

We have become numb to news of atrocities & tortures, mass rape & murder, which show what horrible savagery modern man is still capable of when he is unrestrained by

TRu4 !

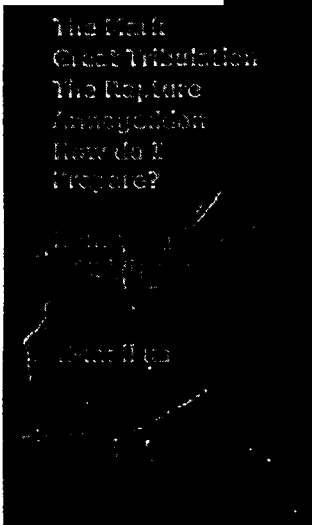

Famine

Contents

"For nation shall rise against nation, and kingdom against kingdom: and there shall be famines..." (Matthew 24:7)

Former U.S. president General Dwight D. Eisenhower put the true cost of war in simple terms when he said, "Every gun that is made, every warship launched, every rocket fired is, in a sense, a theft from those who hunger & are not fed, those who are cold & are not clothed. (Dwight D. Eisenhower, April 16, 1953)

The Gulf War alone cost the Allies a half billion dollars a day, or

about \$350,000 a minute.

A fighter plane costs around \$25 million each.

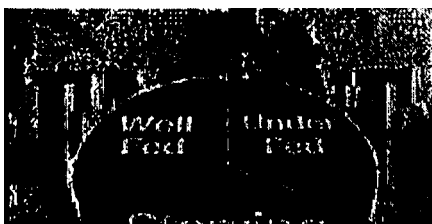

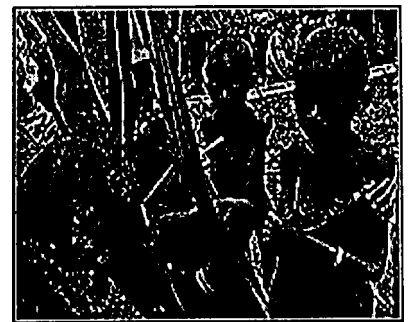

A Tomahawk missile: about \$1.3 million.

An air-to-air missile: \$800,000 each.

Tank shells range from \$2,000 to \$36,000 each.

Translated into more everyday expenses, for the price of this one missile, a school full of hungry children could **eat lunch** every day for 5 years.

Throughout the 1990's more than 100 million children will die from illness and starvation. Those 100 million deaths could be prevented for the price of ten Stealth bombers, or what the world spends on its military in two days!

The World Health Organization estimates that one-third of the world is well-fed, one-third is under-fed one-third is starving!

Since you've entered this site at least 200 people have died of starvation. Over 4 million will die this

year.

However, the world can produce enough food to feed its expanding population. While some famines are caused by drought or other so-called natural disasters, children are more likely to be starving because of man's inhumanity to man--war, embargoes, government corruption and economic oppression.

Such as the insurmountable debt many developing countries' owe to international creditors who enticed them to take out huge loans and are now holding the debtor nations in economic slavery, extracting exorbitant interest rates that ensure that the poor grow poorer and the rich lenders grow richer.

While these children die of hunger, rich Western nations burn millions of tons of food a year to keep prices high. Famines are largely a result of Man's corruption and greed and unwillingness to care for others.

The Honorable Elijah Muhammad

The Antichrist

The Antichrist!--also described in the Bible as the "son of perdition" & the "beast"!

Like Hitler, who was one of history's antichrist archetypes, he will have great charisma & speaking ability, "a mouth speaking great things".

The Antichrist will rise to power on a wave of world euphoria, as he temporarily saves the world from its desperate economic, military & political problems with a brilliant 7-year plan for world peace, economic stability & religious freedom.

The Antichrist could well rise out of the current chaos in the former Soviet Union. The prophet Ezekiel names him as the ruler of "Magog", a name that Biblical scholars agree denotes a country or region of peoples to the north of Israel. Many have interpreted this to mean modern day Russia. His power base will include the leading nations of Europe, whose leaders, the Bible says, will "give their power & strength unto the beast."

The Bible even gives some clues about his personal characteristics. The prophet Daniel wrote that the Antichrist "does not regard the desire of women." This could imply that he is either celibate or a homosexual. Daniel also tells us that he will have a "fierce countenance" or stern look, and will be "more stout than his fellows"--more proud and boastful.

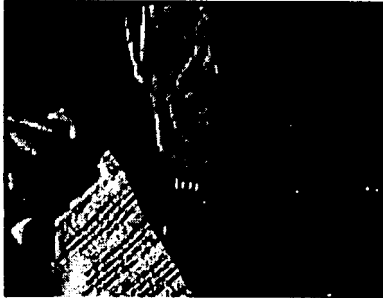

The 7-year peace-pact (or covenant) that is engineered by the Antichrist is spoken of a number of times in the Bible, & may even have already been signed in secret. The historic peace agreement signed between Israel the PLO at the White House on September 13, 1993, vividly illustrates how dramatically events in the Middle East are presently moving in this direction.

Under the final terms of the Covenant, Jerusalem will likely be declared an international city to which Judaism, Islam & Christianity will have equal rights. Scripture indicates that the Jews will be permitted to rebuild their Temple on Mt. Moriah, where they revive their ancient

rituals of animal sacrifice.

According to prophecy the Antichrist will not only be a master of political intrigue, but also a military genius. Daniel describes several major wars that he fights during his 7-year reign, apparently against the U.S. & Israel, who will oppose him during the second half of his reign.

For awhile, most of the world is going to think the Antichrist is wonderful, as he will seem to have solved so many of the world's problems. But , three-and-a-half years into his seven year reign he will break the covenant & invade Israel from the North.

At this time he will make Jerusalem his world capitol & outlaw all religions, except the worship of himself & his image. The Bible says that the Antichrist will sit in the Jewish Temple exalting himself as God & demanding to be worshipped.

It is at this time that the Antichrist imposes his infamous "666" one-world credit system...

Mark of the Beast

And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name ... and his number is Six hundred & sixty-six. (Rev.13:15-18)

666! The Mark of the Beast! Almost everybody has heard something about this prophecy which says that in the last days no one will be able to buy or sell anything unless they get the "Devil's mark".

Today we are the first generation with the technology available to fulfil such a prophecy of a "cashless" society.

At present, in this supermarket there are a number of ways I can pay for this shopping--I can use cash, or I can write a check, or pay by credit card.

... or another way that is being promoted so much today is using a debit card. When you give your debit card to the cashier the card is run through a scanner which is electronically linked to your bank & the money is immediately- taken out of your bank account and placed in the store's account.--All in a split second.

Debit cards have already been introduced in many parts of the world & are extremely popular with stores, banks & customers.

Then there's the "IC Card" or the "Smart Card", which actually has a little computer chip embedded in the card. You've probably read about these electronic marvels that not only give you access to your bank account, but also contains your passport, medical record, driver's license, photographs, welfare eligibility and all kinds of other data. These are already being tested in various parts of the world.

THE TRUTH ,

THE HISTORY

TUE FACTS

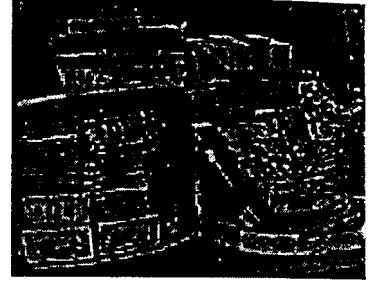

[DR

Warnings against drink and drunkenness. Wine is a mocker, strong

drink is raging; and whosoever is deceived thereby is not wise." Prov. 20:1. "Be not among winebibbers-among riotous eaters of flesh. Who hath woe? who hath sorrow? who hath contentions? who hath babbling? who hath wounds without cause? who hath redness of eyes? They that tarry long at the wine; they that go to seek mixed wine. Look not thou at the wine when it is red." Pray. 13:20, 29-31. "Blessed art thou, O land, when thy king is the son of nobles, and thy princes eat in due season, for strength, and not for drunkenness!" Eccles. 10:17. "Woe unto them that rise up early in the morning, that they

may follow strong drink; that continue until night, tilt wine inflame them!" Is. 5:11. "Woe to the crown of pride, to the drunkards of Ephraim, whose glorious beauty is a fading flower, which are on the head of the fat valleys of them that are overcome with wine!" Is. 28:1. "And when he shall give his neighbour drink, that he may utter his bottle to him, and be drunken also, that thou mayest look on their nakedness!" Hah. 2:15.

... So you can see we are fast on the way to eliminating cash--and there are many compelling reasons why. Cash is the very mother's milk of drug smugglers, who often deal in cash a suitcase full at a time. With no cash the sale of illegal drugs would cease. In fact to eliminate cash would eliminate almost every kind of criminal activity, from theft to terrorism, and be an instant cure-all for many of the World's most desperate social & economic ills. No wonder governments are pushing towards the cashless society with unrestrained enthusiasm.

However, before cash, cheques & credit cards can be phased out completely, they have to develop an identification system that is absolutely foolproof & will ensure that a person presenting a card for a transaction is actually the owner of that card.

Various foolproof ID systems have already been developed, like this fingerprint reader. However the only problem with these machines is that they are extremely expensive. For a completely cashless society to work, there would have to be one at every little shop & retail outlet where anything is bought & sold.

Whereas these identification terminals cost many thousands of dollars each, the actual micro-chips encased in the plastic "smart cards" cost only a few dollars each. So what if you took the chip out of the card & placed it under the skin?

Once the chip has been implanted it can be read by an inexpensive scanner, much like the one in your local grocery store. So, you now become your own smart card!--And the very expensive problem of making sure that the owner of the card is who he says he is, has been solved.

Today the technology for just such an implant not only exists, but is being tested in pilot programs all over the world. A tiny microchip which can be read by a scanner is inserted into a spot below the animal's skin. "Infopet" in California boast the ability to keep track of 4 billion cats & dogs worldwide. This technology has proven that keeping track of large populations through implants & centralized computer data banks is completely feasible.

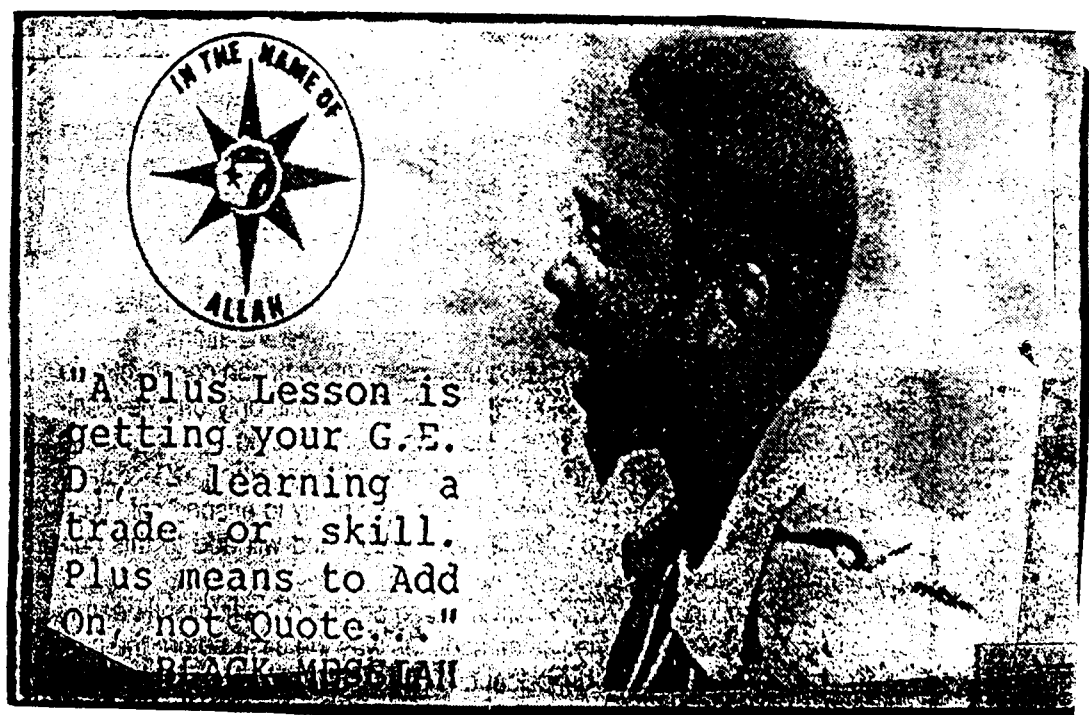

So as we can see the technology & the public acceptance to make the Mark of the Beast system work is rapidly falling into place ... Already we are constantly hearing about the "New World Order", or "global community", & buzz slogans are slowly sinking in as the world heads towards an international financial and political system, a **cashless society controlled by a computer data base that covers the entire globe, keeping track of every man, woman & child, where they**

cross borders & when they buy & sell-
-exactly like the one predicted in Revelation chapter 13 nearly 2,000 years ago!

"If any man worships the beast and his image, and receives his mark in his forehead, or in his hand, The same shall drink of the wine of the wrath of God, which is poured out without mixture ... And the smoke of their torment ascendeth up for ever and ever... " (Revelation 14:9,10)

That may seem like pretty stiff punishment for simply accepting a Mark that allows you to buy groceries. However, this prophecy indicates that receiving the "Mark of the Beast" is not merely an economic decision, but also implies acceptance and worship of the Satan-possessed Anti-Christ, and a pledge of allegiance to his anti-God global regime.

The Signs

mntl+nt~~i;

But if you really want to know the future, exactly what is going to happen and why, where & even when, then you must turn to the thousands of prophecies recorded in this Book--The Bible!

History has proven the extraordinary unerring accuracy of Bible prophecy. Therefore there can be no doubt that its hundreds of prophecies about the last days of our planet Earth will also be fulfilled just as surely as the ones that have already been fulfilled in the past. The only question is when?

Sometime in the far future that we don't need to worry about now? Or are we in fact now standing on the threshold of these final great & climactic events of which all the Bible prophets, including Jesus, spoke?

2000 years ago Jesus' disciples sought answers to this same question! They asked Him, "Master, tell us, when shall be the sign of Thy coming, & of the end of the World?" Let's take a look at some of the Signs of the End that Jesus Himself warned us to be on the look out for...

...signs that He said would come to pass
"end of the world" as we now know it:

and the

At the beginning of Matthew chapter 16 Jesus' religious enemies challenged Him to show them a sign from heaven. He answered and said to them, *"When it is evening you say, 'It will be fair weather, for the sky is red'; and in the morning, 'It will be foul weather today, for the sky is red and threatening.' Hypocrites! You know how to discern the face of the sky, but you cannot discern the signs of the times."*

Today modern technology has vastly improved our ability to forecast the weather, but are we any less blind to the ominous signs of times in which we're now living?

*So likewise ye, when ye see these things come to pass,
Verily I say unto you, This generation shall not pass away*

till all be fulfilled. "

Our generation--the generation in which these "signs of the End" are coming into fruition--will not pass till all be fulfilled!

Minister Malcolm X - Malik Shabazz
