Landfill fees will begin August 1st. An add campaign to inform the public will be happening. FireSmart applications have not been awarded yet. Campgrounds have been reopened to RVs and every campground has been busy with Yukon residents.

Council asked a question about where the Army Beach access project is at, Minister Streicker said an application will need to be made for funding.

Complaints have been received concerning the condition of Nolan Road in M'Clintock Place. This and the access road to the solid waste facility are in terrible condition and should be added to the list of roads needing repair.
