Subject: Case of Ronald Opus

Please correct and update your 2009 story, **THE CASE OF RONALD OPUS** as it is false.

It was never reported by the Associated Press as the sources below make clear.

While Don Harper Mills is a real person, this story is untrue. In 1997, Mills said, "'I made up the story in 1987 to present at the meeting," [of the AAFS] < SNIP > "for entertainment and to illustrate how if you alter a few small facts you greatly alter the legal consequences. In 1994 someone copied it onto the Internet."
