How to Create Your Personal Tranquil Stream of Profits

In the next 7 days, starting from scratch and lasting for years to come. Peacefully, quietly you too can fly low and collect your dough.

Yesterday, November 16, 2020 someone bought a report from me. He found it at an old website and sent an email asking if he could buy it. He then sent me 97 dollars for this report, which was written over a decade ago and has pulled in thousands of dollars.

Practically everyday for the last 25 years, someone, somewhere has sent me money. Some use PayPal, others send Money Orders, or use their Credit or Debit Cards. Some even send cash, to buy one of the 75+ reports I have written or co-authored over the last 30 years.

I create and acquire useful INFORMATION, which I then sell.

It has been low key, no pressure, steady streams of income for decades and done without fanfare, without making *talking head* videos, shouting or yelling and without the hype and BS seen everyday online.

Maybe *you want to be a guru* on YouTube and have everyone know your name. Well, you can go to the bar CHEERS, or somewhere else, because this is not for you.

Long, long time ago, I chose to make money, in my spare time, without a lot of noise attached. The neighbors, as nosy as they are, don't know what I do. But anyone can make a buck here and there. I wanted to create steady streams of cold hard cash, and to have several of them in case one of them dried up, it wouldn't stop the flow.

HOW is this done?

I've done it by selling information products including; reports, folios,

HOTSHEETS, eBooks, charts, graphs, AUDIO products...which included cassette tapes {yea, I've been at it a long time}, MP3/4, DVD and CDs too.

Here is a sampling from the 75+ products:

The Chattel Report; The Sprint to Freedom, (tens of thousands sold)
Think And Reach Par, audio and booklets. Hundreds sold and used as lead generation too.

All things FREE. How to use free software, sites and make sales today.

I have also, often with friend Dien Rice, PhD., a former college physics professor turned Entrepreneur, have had...

Blogs, Private Forums, Short and Long Term MEMBERSHIP programs; done affiliate marketing, been a ghost writer, a PAID copywriter and have a ton of consulting under my belt. My offline businesses have included; THE OFF-KEY SINGING TELEGRAM SERVICE, J's Golf Court, Resumes Plus and DemoDudes.

I love INFORMATION products. WHY?

Information. PRODUCTS. Which mean people PAY for them.

They are easy to create or acquire. They are an Evergreen Market with many profitable niches one can pick and choose from. People want information and they PAY FOR IT.

OH, and with minor updates, they have a very long shelf life, some of mine have been selling for over 20 years now.

ARE YOU INTERESTED IN SELLING INFORMATION?

IF you are, then here is what you can do to get started.

First thing, is to have a PLAN. Have some idea of what you want to do.

Are you looking for a part-time money maker? Do you want to WRITE your own? Do you just want to make some DANG MONEY?

- Do you want fast cash?
- Do you want to create your own products?
- Do you just want to sell other's information?
- Are you thinking long term and recurring income?
- How many hours, realistically, do you have to devote to info-products?

Whether you plan to do this for the long haul, like I have done, or if you just want to get in quick, make some money and move on...the step by step HOW TO do it info, will change and you will select whichever one best suits you.

See, I KNOW there is NO off-the-rack solution, one size DOES NOT fit all.

Bud Riggs and I proved you can make some pretty fast cash, \$10,000.00 the very first day we sold the Headlight Cleaning Manual. On the other hand, it took almost 2 years for one my reports to make that much, but considering it was a set it and forget it, **Automatic Product Vending** site, I was happy. The APV sites have sold many of my own info-products.

If you just want to test the waters, see what you can do, then send me an email, and put in FREE REPORT in the subject header, I'll send you the little report that tells you how to get started for free, NO MONEY at all. I've done it and have shown others how to do it too. It is yours FREE, and NO, I don't add you to any lists or bother you again, PROMISE!

If you think you can start with the idea of making some quick income, Ask

for my UPDATED (*NOVEMBER 2020*) Automatic Product Vending Report, it is only 10 dollars, and you can pay either by PayPal or Amazon gift card, whichever way is easiest for you. Ten dollars, ask for more info if interested, my email is the same as it has been for a couple of decades now, gjabiz@yahoo.com in this email put APV in the subject header, and again, I don't add you to any lists or send followup, you get the ONE response from me.

Now let me jump all the way up to the top: for only 1495.00 I do it all for you to get you started, stay with you for the first 4 months, and GUARANTEE you make at least 5k from your Info-product or a full refund.

I can do a done for you APV site for 995.00.

I can write you a report and sales page for 495.00

I will confer with you for two hours spread over a week, for only 345.00

See lots of ways you can give me money. I like that. But keep in mind...

This is all about you and what you want, what you are going to do, your goals, your requirements and I only act as an implementer/consultant to help you reach your goals.

Maybe you want to get into the affiliate marketing game, I know how to help you, I belong to WarriorPlus, ClickBank, JVZoo and other programs...but I will tell you this about all of them...the people making the most money are those that CREATE THEIR OWN INFORMATION PRODUCTS.

And I can teach you how to do that, if that is what you want. Now here is something different.

There is NO BUY IT NOW button. Why? I don't know what you really need, do I?

Feel free to spend your dough somewhere else, go ahead buy one of those programs that thousands of others have, guess you enjoy the competition, eh? Me? I have no competition. I create UNIQUE, often from experience information that no one else can deliver.

I'll teach you too, how NOT to have any competition. And here is one last thing, probably about my attitude. I've been online for over 30 years, full time on the Internet/WWW since it began. I'm not a guru, you won't find me in any syndicate, association, marketing group, affiliate circle rings, mainly because I don't want or NEED to be. But maybe you do, so no hard feelings if you pursue your Internet Marketing journey with someone else,

all I can do is wish you good luck and hope you find your success with THEIR systems, methods and techniques.

All I can do is offer to help you build you OWN, one-of-a-kind, Information Product Empire, as big as you care too, or just to keep the cash flowing for the next couple of decades.

You have my email, gjabiz@yahoo.com Use it if you want. If you have questions, ask, I usually respond within 24 hours.

Have a great day, I am.
