To whom it may concern:

To the best of our knowledge we do not have an account at Washington Mutual.

There has been a problem with interference with this e-mail all over the internet and through various cgi processes all over the internet by:

<http://forums.e-democracy.org/>
<http://www.aec.at/en/prix/communities/winners2005.asp>
<http://www.groupserver.org/>

You should look to these sources for programming problems and possible illegal hacking using member or former member e-mail addresses.

Subject: Washington Mutual Online Banking - Update Your Account

We recently have determined that different computers have logged onto your Online Banking account, and multiple password failures were present before the logons. We now need you to re-confirm your account information to us. If this is not completed by **April 16 , 2006**, we will be forced to suspend your account indefinitely, as it may have been used for fraudulent purposes. We thank you for your cooperation in this manner.

To confirm your Online Banking records click here:
