Roundup Article Clarification

May Issue, page 7, WOODSHOP: Joe Kramer moved from Apache Wells two years ago, is living in an assisted living facility and is missed by the members.

Pickleball Courts

The pickleball courts located along the 1st baseline of the ball field have been open for play for a while. For the summer, no reservations are necessary, just go when you want and take turns with whoever is there. There are some "old" rackets and balls to use, otherwise bring your own equipment. It's important to wear tennis or athletic shoes and not sandals or flip flops to prevent foot or ankle injuries. Enjoy!

Library News

Some new books and movies have been purchased. New automatic doors were installed for better ease in opening and to accommodate access for the disabled.

Lost and Found

Two items were left behind at the last two potlucks. A pink floral casserole carrier was left at the Easter potluck and a green/turquoise large towel was left at the Mothers Day potluck. A glass cherries bowl was left at one time. To claim these, please contact Carolyn Agee at 218-1137.
