

## BANDIT ALL TERRAIN VEHICLE (ATV):

**Description:** The Bandit All Terrain Vehicle is a military designed vehicle, intended for off road transport and reconnaissance amidst rough or broken terrain. The Atv is lightly armoured and durable, though is open topped so provides very little in the way of cover or protection to its passengers.

The Bandit comes with a rear, swivel mounted heavy machine gun as standard.

All penalties for off road movement are reduced by one step due to it's design and enhanced drive and suspension. Off road is where this machine performs best.

**Bandit ATV:** Huge Vehicle; **Hp** 80; **Top Spd** 30; **Acc** 3; **Dec** 5; **Hand** +1; **Stealth** 10; **AC** 7 (-2 size, -5 Dex, +4 armor); **SQ** vehicle, **hardness** 10; **Fuel** 270
