

Barbwire *(Track 2 on Twenty Two Years)*

I'd walk a barbwire fence just to meet you
I'd walk on coals just to change your frown
I'd buy up everything to just to please you
You're the best thing that I've found around

It's all about you and it's all about me
Please can't you see we can all agree
On one thing here that's right
Let's just have fun tonight

I'd play some AC/DC to rock you
I'd play some reggae just to make you dance
I'd play some R&B to bring you up to speed
And some blues to put you in a trance

It's all about you and it's all about me
Please can't you see we can all agree
On one thing here that's right
Let's just have fun tonight

Let's rock it

I'm wearing black jeans just to respect you
I'm working out but you're not around
I'm doing everything I can think of babe
But it don't help cause you're not around

It's all about you and it's all about me
Please can't you see we can all agree
On one thing here that's right
Let's just have fun tonight

Let's have some fun

Oh it's all about you and it's all about me
Please can't you see we can all agree
On one thing here that's right
Let's just have fun tonight
