

Going to Carolina *(Track 04 on "Okinawa")*

Dancing down the highway feeling free
Going to Carolina "folkways and fancy free"
Come on all you good times gather round me
I'm going where the sky is blue
And wind whistles through green pine trees

I'm going where the living's easy
And people live in harmony
Come on you don't need much money
Just come on along and sing with me
In harmony
Sing with me
In harmony

Come up to the mountains glittering green
They stand there so graceful and peaceful
Just like in a dream
If you listen softly to a mountain stream
You can hear a dulcimer humming
With a bluebird singing harmony

So come on now don't waste time here
Let's go and fulfill our dreams
I've found a modern day Eden
Just come on along and sing with me
In harmony
Sing with me in harmony

So sunshine shine down on me
Blue skies are all around me
All around me
All around me
All around me

Written, produced, and recorded by John Spreier. Acoustic guitars and vocals by John Spreier.
