Not all of these dates will be do-able. Mostly due to weather. Please understand that the rules of weather in soccer is always go to the field. Whether for practices or games, the weather is different from your house to the field. If a practice begins and weather turns bad, we will all pile into my van and watch movies until you come pick up your player. Generally, 45 degrees is our minimum. That temp and wind is a go, that temp and rain is probably not.

Important dates

May 1--Coaches receive schedules.

May 4--Players receive schedules.

May 11--Our first game, possibly.
