

J had atypical micro bacterial
infection - no danger to healthy persons
- saw Billy as TB but not TB
- explained this to MT several times

Saw J 3 or 4 Jan ago - no change
in diagnosis - expects her to live
only 6 1/2 more months

After receiving MT's "Notice" her some
concern about her sanity -
may start ignoring her utterances
responding to her

Asked whether this "Notice" had any legal
effect in terms of requiring him
to disclose J's records to
Dave Duckman

- & told him no such disclosure
is required by law

He said he does not want to appear to
be taking sides & won't interfere
w/ any effort MT makes to
reconcile w/ J
