Most important issue: We are in a new era ... As West St. Paul Mayor I will: 1) Restore government respect for private property by assisting citizens with property regeneration... 2) Stop frivolous litigation and civil rights violations by city prosecutors and city police... 3) Create innovative solutions to create and nurture new small and medium sized business... Many of these changes will be brought about by a city Foundation that includes property issues and introduction of arts and culture to attract more vitality and prosperity to the city, and offers tax relief.
