

B. Pair or Group Game

Copy the verbs from this page onto small cards. To start the game, stack cards face down. Flip one card at a time and say the correct TE form. If you produce the correct form, the card is yours. Continue until you make a mistake. Your partner now has a chance to give the correct answer. If he/she does, your partner takes the card and continues the game. If both players are unable to give correct answers, the card is returned to the stack. The game continues until all the cards in the stack are gone. The person with more cards wins.

のみます	しにます	みます
