

The North Carolina Pygmy Goat Club

A National Pygmy Goat Association Affiliated Club

<http://www.angelfire.com/nc/ncpgc>

The North Carolina Pygmy Goat Club was founded in 1981 by a group of dedicated pygmy goat enthusiasts to promote the pygmy goat breed in the central region of North Carolina. They called their group the Piedmont Pygmy Goat Club. In the following years the club's name has changed twice to reflect it's growing membership, which now includes members not only from North Carolina but from several other states as well.

The club's purpose is to aid and encourage the keeping, breeding, perpetuation, and exhibition of pygmy goats under the National Pygmy Goat Association's breed standards. We want to stimulate popular interest in pygmy goats, and their proper care and management. We research and study the characteristics of the pygmy goat, the husbandry and breeding, and collect and make available useful information concerning them. Finally, we encourage and conduct exhibits for the purpose of advancing the cause of the pygmy goat as a useful breed within the American agricultural system.
