hey cousin.

I thought the photos are good. You got something there. Maybe you should consider getting into it more seriously.  
Good luck!

Shalom ofer, i just decided to drop in and take a look see.

you have a lot of grammatical errors on your web page. why don't you email me the text that you want to put on your web page so that i can help you correct it. i think that a properly written web page looks better. what do you think?
