

Is this the face of Jesus?

For 2,000 years, artists and sculptors have portrayed Jesus in many ways. Many have depicted him as a handsome, slender, white man with long hair. Some modern artists have shown him to be a black man or very feminine looking. Here's what the Bible says about Jesus, the man:

He was Jewish. Matthew 1:1
He was not handsome. Isaiah 53:2
He had a beard. Isaiah 50:6
He was a carpenter. Mark 6:3
He ministered and died in his thirties. Luke 3:23

Recently, using the skull of a typical first century, Jewish male of about thirty years of age, forensic scientists created the image you see here. This is probably the closest we will ever come to seeing what Jesus looked like in his humanity.

It is interesting to speculate about what Jesus may have looked like, but not that important. Why? Because Jesus was not just a man. Jesus IS the unique person of the universe, the God-man, who lived a perfect life, which qualified him to pay the penalty for our sins – DEATH. Jesus' crucifixion, burial and resurrection satisfied God's requirement for OUR sin. We can do nothing to earn our way to heaven. Our responsibility – Believe on the Lord Jesus and you will be saved (Acts 16:31). As Jesus said, I am the WAY, the TRUTH and the LIFE, no one comes to the Father but by me (John 14:6).

You can believe (trust, put your faith) in Jesus RIGHT NOW and know that you are going to heaven. ...For there is no other name under heaven given to men by which we must be saved (Acts 4:12). ...Today is the day of salvation (II Corinthians 6:2).
