Among the messages delivered to the Vision Council on July 7<sup>th</sup> at the 42<sup>nd</sup> annual Rainbow Family Gathering, encamped around Skinner’s Meadow not far from Dillon Montana, was the announcement of the Rainbow Uprising Campaign 2013 as the non-violent scientific and spiritual revolution of consciousness into harmony with the natural order to help change the course of human history off of the current path towards total destruction and onto the path towards true peace, health, harmony and prosperity for all, in further fulfillment of the Hopi Prophecy.

This Rainbow Uprising Message will be carried to Washington DC and to the United Nations with the third cross country route of the Global Peace Walk offering the prayer for “Global Peace Now!” as the universal human resolve, from San Diego California starting on United Nations Day October 24, 2013, with a feeder route from Santa Barbara to San Diego departing on the October 2<sup>nd</sup> 144<sup>th</sup> birthday of Mahatma Gandhi, ending at the UN on June 26, 2014, the 69<sup>th</sup> anniversary of the UN Charter signing in San Francisco which promised to “...eliminate the scourge of war from the future generations”. See updates on the walk schedule, flyers, from pages at <http://www.angelfire.com/on/GEAR2000/gpw.html>

The Rainbow Uprising Campaign was initiated in Santa Barbara California in January 1990 with a week of events culminating in an exemplary local Global Peace Walk, from the UCSB Tree of Peace to the Eternal Peace Flame Monument and the installation there of the Hiroshima Peace Flame, including participation by Hopi interpreter Thomas Banyacya, Mohawk Chief Jake Swamp of the Iroquois Confederacy, and supported by actor Jon Voigt whose narrative at the end of this video explains the Hopi Prophecy about the “House of Mica” that was fulfilled three years later when the Hopi and 81 other indigenous nations’ representatives spoke to the UN for the first time in history on December 10, 1992, to deliver their messages for global peace, as a quiet success of the Rainbow Uprising Campaign in the early 90’s.

To spread the indigenous cultures’ message of peace, the Global Peace Walk was conducted from the UN to San Francisco in 1995, and from San Francisco to the UN in New York City in the year 2000, with a local Global Peace Walk since conducted annually from Santa Fe to Taos New Mexico that has received repeated proclamations of support from the Mayors of Santa Fe and Taos and the Governor of New Mexico. The Global Peace Walk has received hundreds of such letters and proclamations of support since 1995, some of which are posted in text at: <http://www.angelfire.com/on/GEAR2000/listproc.html>

The Global Peace Walk 2013-14 will also feature the “90 for Life!” message of Natureopath Dr. Joel Wallach whose pioneering work in the 1960’s with animal health and nutrition helped eliminate over 900 diseases in animals with nutritional supplements alone, diseases that still plague human beings due to apathy and worse from the community of Medical Doctors. Dr. Wallach’s research after 20,000 autopsies on over 454 species of animals including human beings concludes that humans should live to 120 years of age or more, if they daily supplement their diets to ensure getting the 90 essential nutrients for human health and longevity, as offered by the public company supporting his work called Youngevity Essential Life Sciences. <http://califdavid.youngevityonline.com> – <http://healthybodychallenge.com> ###
