**KICKSTARTER****FUNDRAISING BEGINS FOR LAKESIDE MANOR PROJECT**

The process has begun to fund the completion of the pilot episode and promotional trailer for Lakeside Manor. Shannon Heights Television announced that it is has registered and been approved by Kickstarter.com for the process of obtaining funds of at least \$15,000. Backers will receive rewards which currently includes on releasing a special DVD of pilot episode and promotional trailer. A project video is in production and soon will be available describing the project and a profile page that backers can use to check out the project and to contribute. The pilot and promotional clips are needed to secure distribution and sponsorship for the series to be arranged. Scott Shangle Executive Producer says "we definitely need the money. We've been paying for everything out of pocket so this makes sense for the next step". Backers will make contributions of \$2 to \$5,000. The money will primarily be used for renting set locations, set design, props, food, supplies and other expenses. Cast and crew for the most part are supplying there services on a volunteer basis for the purposes of helping promote the success of the show and to show their own talents and skills. Kickstarter funding is all or nothing so we need to meet our deadline and funding goals as set forth. If we don't raise enough money than backers get their

money back. The project will target shooting dates in June and July of this year.

## Aly Chaffee taking pictures for \$

Lakeside Manors star Aly Chaffee has been busy making some extra money snapping pixs for all sorts of things. MS Chaffee who is part of the Lakeside Manor photo shoots is now taking pictures for senior portraits and holiday pictures. "Right now the show is doesn't pay so everyone has to do what they have to do" says Chaffee. Chaffee has good photography skills comments Scott Shangle. She took several pictures one of our summer photo shoots. Besides taking photos she is also working at a firm doing marketing and is a nanny.

Summer Lakeside Manor photo shoot has actress Aly Chaffee (Angelina Parker) behind the camera along with Director of Photography Gene

Wang shooting actress Sarah Chase (Vegas Sister). Producer- Director ect Scott Shangle helps with the shoot.

Getting extra money taking pictures is a lot work because it's not just taking pictures but it's all the time needed editing the pictures. Chaffee plans to continue to pick up gigs till of course Lakeside Manor starts to pay her big money and she can quite doing them. Look for more photos from Aly though when Lakeside Manor does its spring photo shoot. Shangle notes that she will be working double duty in front and behind the camera she can work both sides in this industry.

## WORK BEGANS ON SPRING PHOTO SHOOT

Planning for the upcoming spring photo shoot has already begun say's Executive Producer Scott Shangle. "We are working on ideas for the shoot and scheduling has begun. The primary shoot day is scheduled for Saturday April 30<sup>th</sup> at Greenlake in North Seattle which was the site of the fall photo shoot.

## EDITORS COLUMN

By Scott Shangle

Welcome to the first edition of our new magazine Lakeside Manor Story's, the official fan magazine for the television series Lakeside Manor. This is the ultimate magazine for fans of the upcoming television series. So for now it's a little rough on the edges and our layout is not yet Cosmo or Vogue but as of February 14, 2011 this is what we have for the past several months of work volunteering our time to make this edition happen. No we don't yet have several floors of staff writers and editors but we will do our best to make editions that keep you up to date on everything Lakeside Manor. Our first issue is expected to be published as early as July 1<sup>st</sup> of this year and then every month after that. We plan to cover the stories of the series by providing continuing and on-going details and from the people that are part of the show. We are working on writing the first premier series and so our first magazine editions will preview the coming season telling you everything you need to know about the series Lakeside Manor, the people and the places. See what's going on behind the scenes and here gossip about what's going behind the scenes. We have love advice and an Astrology column. Games and puzzles will be added to our future editions. Letters and emails to will be published keeping our audience involved in the conversation. So stay tuned and find out more!

## THE STORY OF LAKESIDE MANOR

### *The Place*

So where is Lakeside Manor and what is this place like? Located north of the Big City in the Great State in Fox County Lakeside Manor (pop 56,000) is very typical of a Middle American suburb that like many began to grow to become large population centers. Named after the resort built in the late teens of the last century the area became identified as Lakeside Manor during the late in 1940s. Lakeside Manor then saw waves of expansion during the late 60's when the freeway came through and then came the mall in 1982 and with continued grow and the need for more schools saw the opening of Lakeside Manor High school in 1992. The now incorporated city covers about 25 square miles but it still uses contract police and fire protection from Fox County. There are nice parks including a big state park, beaches, and everything else is nearby. The weather is typical Midwest with highs in the summer averaging mid 80's and winter highs in the 30's with summer having some really hot days (over 100) and some cold winters with temps down below zero. And during the spring there can be tornadoes!

The rich live near the water and around the very exclusive Lakeside Manor Golf and Country Club (Where Lorraine Riches and daughter Cassandra live.) Upper middle class live east of North Rd and the middle class live west of North Rd. Lower class folks live west of the Main Highway. Lots of higher education is around with the larger State College nearby in Auburn Hills and Lakeside Manor Community College is near the mall. The city was a large employment center for banking, mortgages, real estate, and other financial businesses that have been cut back significantly and the economy has been depressed relative to the booming previous decades. **(Continued page on page 19)**

# PILOT EPISODE COMING THIS YEAR!

## Work has begun on epic pilot.

“It’s really going happen.” That’s what Executive Producer Scott Shangle say’s about the pilot episode of Lakeside Manor that is now in production. With most of the cast and crew together since last summer scenes have been shot for the pilot and the promotional trailer that are scheduled to be released this summer or early fall. We are working on scenes that are in the Riche’s family kitchen setting.

**Angelina confronts Roxy!**

Pilot episodes are usually presented to limited audiences and to critics, media, sponsors and distributors ahead of the actual series. Ultimately the pilot represents what the actual typical series would look like while introducing the characters and settings.

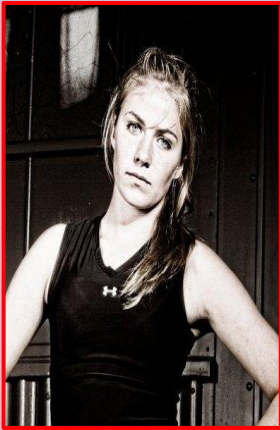

**Lorraine’s quarrels with her husband Steven**

The pilot episode will actually be the first two one hour episodes of the first week series. It’s important to present a full week since each is a two part approach. The pilot will introduce Cassandra Riches and her friends at Lakeside Manor High school as a principle character. Then Angelina Parker working at the mall coffee bar which is another principle character.

The pilot episode script was completed at the end of 2010 after the series was expanded from shorter 15 minute episodes to the two hour episodes. The conversion makes the show go from primarily an internet series to one that can go to broadcast cable.

“We hope to finish recording the pilot episode scenes in July and August with it premiering to the public in October later this year.” Executive Producer Scott Shangle.

Tallis Radwick

## Soccer a big part of Kassandra Riches real life.

**Lakeside Manor Star Tallis** attends Seattle's Nathan Hale high school where she just finished the 2010 fall soccer season with the NH Raiders. Tallis plays Kassandra Riches who plays soccer on the Lakeside Manor High school team.

**Nathan Hale High school soccer captains, and twins, Haly and Keta Rylko**

Nathan Hale Girls Soccer had been lead by the Famous Mike Ryan for 3 years before he resigned because of health problems. He accepted the Golden Scarf on the July 25<sup>th</sup> Seattle Sounders game in 2010.

**Tallis Radwick on the field for the Raiders**

The Hale Girls Varsity team is now being coached by Woman Sounders player M'ily Reiter. She is a Graduate of SU where she played soccer for four years. Not only is she a tremendous coach to us, she is also an amazing person. She developed amazing relationships with each and every one of the players on the team. No matter what their age, what their position, or their personality. She had the ability to make each and every one of us feel wanted and liked. At hale you can step onto the soccer field and automatically feel at home. The Captains this past year were not only two very accomplished soccer players, but also very accomplished persons. Twins Keta Rylko and Haly Rylko were the two senior Captains who lead the Raiders though this season undefeated. Tallis had the opportunity to play with them since she first stepped on the field when she was seven years old. "Lake City Ravens" was the team that she

played with all the way through grade school and into middle school. Tallis say's "There were six seniors on the team this year and five of them played on the Ravens with me. Growing up with these players has been so much fun, being able to play with them has been an honor, but being able to be lead by them their last year of high school has been a gift."

**Tallis' sister Kelsey Radwick**

Tallis sister Kelsey Radwick has played with her for as long as she can remember. "She always pushes me to be more competitive with myself and my teammates. This was my last chance to play with her before she goes off to college. I hope one day in the future we can get back on the field and run our hearts out like we used to." Tallis explained. "Our team as a whole is very distinct. We have about five players from each grade. In the junior class we have a pair of Identical twins. Rachel Ivancic and Veronica Ivancic are the two fastest people I have ever known. They both went to state for a relay in track. They got 3<sup>rd</sup> place! Not only are they amazing runners but

when you see them handle the ball they are as charismatic with the ball as President Obama is with his words."

**Nathan Hale Identical twins Rachel and Veronica Ivancic**

"So if you combine Rachel and Veronica, Haly and Keta, myself and my sister Kelsey, we have three sets of sisters, and two sets of twins. All of which have been playing with their sibling since the beginning of their soccer career. Hale is a much defined team. The memories we shared this year will always be with us, as will the friendships us as players made. I couldn't have asked for a better soccer team or high school experience this year. Luckily it's not over yet!"

## FALL PHOTO SHOOT BRINGS OUT THE BEST OF LAKESIDE MANOR CAST

RAIN AND FALL COLORS IS THE SETTING

Most of the cast and some key crew members at the Lakeside Manor fall photo shoot. The shoot was at Greenlake in Seattle in October 2010.

The fall photo shoot took place at Greenlake in North Seattle with most of the cast participating. With a gentle rain falling the fall setting was truly present but all were happy to

get their pix taken in fall clothing. Gene Wang got lots of photos of stars Aly Chaffee and Tallis Radwick and got shots of new cast member Phyniques Williams and Blythe Howard. Dennis Tudor (Connor) and Michael Mahoney (Kevin) got in their pictures taken as well. Scott Shangle was busy coordinating the shoot and called the project a success and likes the Greenlake location. Rayann Su helped directing the talent. The shoot had hair and makeup artist Amelia Dray giving our cast a great look for the camera. It's got a lot of the look and feel of Lakeside Manor in the fall season.

### *The Casting of Lakeside Manor*

Aly Chaffee (Angelina) and Sandy Kang (Britta) are reading through scripts during a test shot of cast members for appearing in Lakeside Manor.

So how did the cast of Lakeside Manor come together? Chief Executive Producer Scott Shangle describes the process. We didn't have actual auditions we just found people that fit the talents and roles that they would play and then put them on camera to test to see what we had. Shangle describes three test shoots with prospective cast members was conducted in July of

2010. The test shoots were conducted in a Northgate office that Shangle will not yet disclose.

The cast was found through Craigslist, network of personal contacts and/or were already involved in the show. Jennifer Razmus who stars as Taylor Hilton was the first person to begin working on Lakeside Manor helping Scott Shangle to write the show. She started working as an associate writer in June of 2009 just a little over a month after I had started writing the show says Shangle. Jennifer was just perfect for the role of Taylor. We were very conscious of that when we were writing and developing Taylor. Aly came from the Craigslist post in June of 2010 and she was quickly indentified for the big role of playing Angelina Parker. Suzanne Su was the sister of co producer Rayann Su, and Tallis Radwick was friends of an acquaintance of Shangle who mentioned the show and connected her with the show just as the show was starting casting. She came at the right time where I could put some additional significant parts into the show. When we started the Craigslist the original plan was for Rayann to find the actresses and Scott would find the actors but after we started getting responses it ended up Scott would interview the actresses and Rayann the actors.

Shangle describe the process as going better than expected. The Seattle area has a big depth of actors at all levels of the talent spectrum. It's probably not quite New York or certainly LA but it's really good for a market this size. Test shooting was a way to take a look at our actors and what their

potential was. Finding strengths and weaknesses which we can write and have them play into their characters.

**Co Producer Rayann Su fills in for a role while her sister Suzanne Su tests for her role as Stephanie Kwon.**

The guys have been a bit more of a challenge to find but Shangle explains that it's probably because guys are not as excited as girls when it comes to being in soap operas. Guys that are young and are just starting to act want action movies and comedies.

**Aly Chafee tests for her role as Angelina Parker**

Blythe Howard (Alicia) and Phyniques Williams (Tunisia) are recently added cast members. They responded to a second round of Craigslist ads we posted in October. We still have a few guys and some misc roles to cast or finalize but I think we got the whole cast that we need.

## ***KASSANDRA AND CONNOR & THE CREATION OF LORRAINE RICHES***

### **WORK BEGANS ON PILOT SCENES**

It was a wet Saturday on December 11, 2010 when part of the cast and crew arrived to set up and tape scenes for the pilot and promotional trailer. “The kitchen is awesome for shooting these scenes” says Scott Shangle who directed the shoot.

**Makeup artist Krystle Corpus applies makeup to Actress Tallis Radwick preparing for her role as Cassandra while Heath Neptune figures out how to use oven mitts.**

“This was as much a test shoot as anything else really as we were bring Neptune into the shooting process for the first time. We also were developing the Lorraine character both in look and style.” Shangle explained.

A lot of stuff happens when shooting a project like Lakeside Manor. The crew arrives hours before actual shooting begins. Cameras need to be set up and lighting schemes followed. Macintosh computers are used which are HDTV files that will be later edited using Final Cut Pro or Sony Vega software. Sets are decorated and props arranged while the cast works with wardrobe specialist to dress and makeup and hair personnel prepare them for the recording of scenes. Actors will go over lines and discuss their roles in upcoming scenes. Then actors began practicing scenes and working with the director to block shots. Finally the process of recording takes begins hours later. We are taking ten to fifteen takes per scene right now because we are trying a lot of different things right now.

**Radwick and Neptune go over lines while Director Scott Shangle and Director of Photography set up shots.**

The process of developing the character Lorraine is the most interesting part of this project where Tallis Radwick at

## LAKESIDE MANOR STORY'S

## BEHIND THE SCENES

**Shangle and Neptune review the scene.**

just 16 years old is transformed into her mother! At almost forty year olds Lorraine comes alive with the work of makeup artist Krystle Corpus and hairstylist Emi Parker making the look happen. Shangle said that watching the transformation was amazing. "These people are awesome talents that have definite futures as the talent technicians

that make magic happen." We ended up with Tallis looking so different friends wouldn't recognize even when

talking to her. The key is now trying to figure her style. People close to the project are going to see a lot of different looks sounds and styles as we experiment with the character. She's going to be given a big Texas twang that will be softened by the fact that she's spent years up north in New York and then in the Great State and in Lakeside Manor. We had so many things to do at the shoot because of our ambitious schedule to tape both Lorraine scenes and the Cassandra and Connor scenes. We also did this with a small crew i.e. Shangle and Wang doing everything in producing, directing and operating the cameras. So it's obvious that we are going to be re doing most of this material but that's what test shoots are for.

Dear Ms. M

LAKESIDE MANOR  
LOVE ADVICE

Dear Ms. M,

I am having a hard time figuring out what to do about my boyfriend. We started going out just a few weeks ago but we have already started doing stuff... Stuff I wouldn't normally do with a guy I have only been dating this long. He seems nice and caring. He buys me flowers and jewelry and stuff. I have gone out to dinner with my parents and his parents really like me. But he is not into PDA at all! I love PDA. But the simple things... like holding hands or him putting his arm around me when we walk.. Why is he so willing to do stuff in private and be kind...but not in public? He doesn't talk too much either...

Sincerely,

Huh?

Dear Huh,

If you just started going out with your guy and already feel comfortable doing "stuff" with him that's a good sign. However I would be careful with how much you are willing to give away... Normally I would say that him buying you flowers and jewelry is just a way to get you into bed... But if he has already introduced you to his parents and gone out to dinner with yours then he must have actual feelings for you. He wouldn't bother introducing you to them if he didn't see some sort of future with you. As for the PDA it's fairly soon in your relationship. I wouldn't worry about it too much. What you can do is show him what you like. Be the one to take action and grab his hand or snuggle in with him when you sit down with him. If he sees what you're into he might be more open to it.

Dear Ms. M,

I'm confused why girls find it so important for guys to impress their parents. I mean if I really like a girl and she really likes me why should it care how her parents feel? Isn't it about how we feel? I forgot her dad's name the other day and she blew up at me. Why is it so important that I have to know what their interested in? She wants me to do some of the same activities they do but I'm not interested in them at all. What do I do?

Sincerely,

Why Change.

Dear Why Change,

Girls need their special someone's to impress their parents because they will not feel comfortable being with someone whom is not accepted as a part of the family. Family is normally a big deal and from what you described your girl is very close to her family. The reason she got mad at you when you forgot her dad's name is because her dad is not only an authority figure but also a really big part of her life. If you forget the name of the person who raised her and gave her everything she has it is a huge insult to her. It's saying you don't care about him which says you don't care about her. The reason she wants you to do similar activities is because she feels comfortable doing those things. What her parents did, she did. If you are able to do those same activities she will be able to see u more as a family member than a friend. Be open to trying new things and memorize her parent's names. If you do that and use your pleases and thank you's, you will be set. Good luck!

Ms. M.

Dear Ms. M,

I think my girlfriend is cheating on me. I'm not sure what I should do because I don't want to confront her but I feel

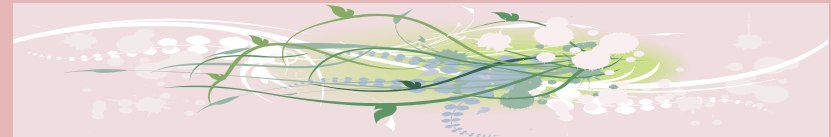

like I need to. How can I do it in a way that's not accusatory but gets the point across that I'm concerned?

-Accusatory

Dear Accusatory,

In what way are you suspicious? Has she done something or said something? If she said something to make you think she's hooking up with someone else, you could ask "Hey baby? Have you ever thought about what it would be like to be with another guy?" Now be careful here because she might think you are implying YOU want to. Make it sound concerning. But this way you won't sound harsh. If she has DONE something to make you concerned then take action right away. Don't be afraid to show your anxiety. That might show her how much you care about her making her want to tell you the truth. But don't automatically assume she is telling the truth. She might be prepared for that and found a way to work around it.

### LETTERS FROM FANS AND OTHERS

I love your new television series Lakeside Manor. What an incredible show and I totally relate to the characters.

Ashley Jones, Wilksbury Penn.

That Dalton Harris is really really hot. Can I get his phone number?

Brenda Seal, Huntington Beach Cal.

*Editor: We do not give out phone numbers but you can find him on our Lakeside Manor Facebook page or on our website at [lakesidetvshow.com](http://lakesidetvshow.com)*

The story line about Stephanie being so bad I think is totally unfair. Calling her a total bitch is just so over the top. Why can't you be nice to her for a change?

Alexis Rogers, Milwaukee WI.

That Stephanie Kwon is a total bitch! I just hope the writers kill her off soon or I will never watch the show again.

Sherrie Surreal, Kansas City MO.

I love Taylor Hilton and hurrah for her and boo Angelina. When is she going to finally get her act together?

Linda Barrell, New Haven CONN.

Like do any guys watch this thing? That Angelina Parker is hot.

Some Guy from Tacoma WA.

I think the show is great and I'm rooting for Lorraine.

Kathy Beasley, Corvallis OR.

I saw Johnny Depp on your show the other night. How did he suddenly go from this giant superstar to playing a gig in some dumb little soap opera?

Ermma Jones, Woodinville WA

*Editor: Sorry but you saw Michael Mahoney not Johnny Depp. We'll use Johnny later when Michael needs a stunt double.*

### Lakeside Manor- The Place (cont from page 7)

It's difficult to get a job these days in Lakeside Manor particularly those you are under 30. Typical of other suburban cities across America these days, Lakeside Manor's governments are cutting back too. Parks are left unmaintained and libraries close early and on weekends.

The Lakeside Manor Mall is the main place where a lot of people visit regularly. Finnerman's Department store is the main anchor tenant with a large store that's very similar to a Nordstroms. This is where Britta Kwon works. Angelina Parker works at the Mall's coffee shop next to Finnerman's and is a key hang out place where many meet up and where Britta and Angelina converse on their break. Ambrosia secrets is the higher end clothing store where Taylor Hilton and Stephanie Kwon work in the mall.

Lakeside Manor High School is a newer and popular high school that had a good reputation for academics and has had lots sports success too. Kassandra Riches attends school there with other friends that include Tunisia Clark and Stephanie Kwon.

Nearby state parks and skiing in the mountains in addition to water sports are all what makes Lakeside Manor a nice place to live.

### COOL PLACES TO HANG OUT IN LAKESIDE MANOR

So where does everyone hang out, party, eat or drink or have fun?

Club Apex- Located at the end of the mall is the main place everyone that wants to be seen. Good drinks and dancing.

Redmond Casino- Gambling, cheap but weak drinks and some occasional good shows

Club Zepher- Late night almost hi hop club. It's OK but most go to better clubs in the city such as Triad, Red Square and the Bomb Shelter.

Trippin- Hippy style bar playing psychedelic music and stuff.

Great State Restaurant & Brewery- Located at the mall and by State College they have lots of good beers and good happy hours.

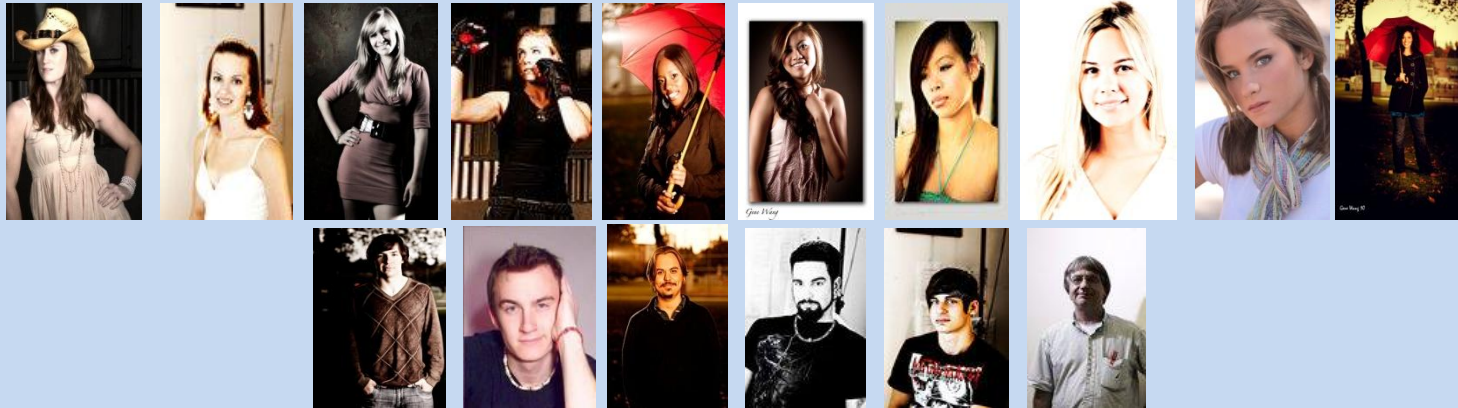

Ragweed Tavern- Dive bar that's always open and probably serves under age too.

Arnold Lounge- The drinks are strong. Arnolds is always in the bar working.
