

## Operation Z, MBD, PSD #5, Bible Doctrinal Orientation

{see the File "Abbreviation" for clarification of this text}

### Operation Z the Teaching Ministry of God the Holy Spirit

Bible Doctrine  
Communicated  
by Prepared  
Pastor Teachers  
To People in a  
Group, **Staging 1**

Bible Doctrine received  
by the 'PNEUMA' the  
human spirit becomes  
**Staging 2**  
'PNEUMATIKAS' or  
spiritual phenomenon  
Bible Doctrine understood

Bible Doctrine transferred  
accepted  
to the 'NOUS' the left lobe  
of the mentality of the Soul  
becomes 'GNOSIS' or  
Bible Doctrine Academically  
Understood. **Staging 3**

Bible Doctrine  
and transferred to the  
'KARDIA' or the right lobe  
of the Soul to be used  
and circulated in the 7  
compartments of the  
Stream of Consciousness  
as 'EPIGNOSIS' or  
Metabolized Doctrine

To develop BD into Epignosis Knowledge we must make a decision about it and that decision must be one of acceptance from + Volition that is a freewill decision based on use of human freedom exercised in privacy.

### Function of Operation Z

1. You avail yourself of BD and listen to it.
2. The PT must stay within the word of God for this mechanism to function.
2. GHS makes the information understandable as spiritual Phenomenon 'Pneumatikas'. GHS will teach us truth, BD (not crusaderism, environmentalism, etc) and will stage it 3 times, PT communicating to group, Pneumatikas, Gnosis
3. GHS transfers the information to the left lobe of the soul and it is then academically understood by you. (you are at the stage of being a hearer of the word.)
4. Using +Volition under the power of GHS, if we accept it is processed into the right lobe as MBD, epignosis, the information which you understand is metabolized and transferred to the Right lobe of the soul to be stored, categorized, circulated and applied to experience as Epignosis.
  - a. It must be converted from gnosis to epignosis by GHS while we are functioning under the FRD so it may then be circulated in the SC of the RLObe for development of the CWL.
  - b. Here the MBD is formulated into the 10 PSD's which allow the proper application of Epignosis doctrine to all of life's experiences
5. We as Believers learning BD under the Teaching ministry of GHS must learn about Doctrine when we do not have the Problems being discussed in order to Learn and Metabolize and integrate the Doctrine so it can be properly applied.

### Summary of the Power of Perception

In the Church Age there is equality among all believers to allow equal opportunity to execute the PPOG. Therefore the PO's are available to all Believers starting at SAJOG and Lost only through sin but recovered through Rebound

1. The power of perception of BD is the FGHS

- a. It equalizes the 6 Thinking Skills of Human IQ, both of which then result in Spritual IQ.
  - b. Spritual IQ then combines with the power provided by GHS to enable us to perceive BD as spritual phenomenon.
  - c. The power of GHS again enables us to metabolize BD *IF* we exersize our free Volition to do so.
2. From the Metabolization of BD the remaining 8 PSD's are developed and deployed on the FLOT of our individual soul.
- a. The FGHS equalizes again the 6 Thinking Skills of Human IQ so that the Power of GHS can enable us to Circulate BD in our thinking.
  - b. This Circulation of MBD enables the organization of our thinking to align with Divine Viewpoint.
  - c. This Organization of MBD enables us to eventually formulating these principles into the remaining 8 PSD's and deploy them on the FLOT of the Soul.

John 14:26, 16:12-14 Prophecy of GHS as our teacher by JC

Rom 8:6, 1Cor 2:9-16 is the fulfillment of this Prophecy.

3. The PPOG recognizes the volition of Man in 3 Categories and from 5 Systems of Thinking:
- a. God Consciousness -- God is then responsible to provide for man information about God and his plan.
  - b. Gospel Hearing -- The divine power of GHS makes the +Volition efficacious for SAJOG.
  - c. MO and MV of the Spritual Life -- GHS comes to the rescue to provide the power for execution of the PPOG by converting inequalities of Human IQ to the equalities of Spritual IQ.

### **Six Thinking Skills Relative to the Protocol Plan of God (and Life)**

In the PCIM of BD and development of PSD on the FLOT of the Soul the 6 TKS are the basis for Great inequality in life.

Academically Developed

1. Comprehension: Relative to understanding and metabolizing Bible Doctrine.
  - a. It is the major function of the soul and FGHS, and Operation Z (the teaching ministry of God the Holy Spirit) to equalize HIQ to SIQ and result in Maximum Metabolized Bible Doctrine in the Stream of Consciousness.)
  - b. This is the successful function of Cognition.
  - c. Thus eventually under FGHS we will be able to comprehend all Doctrine from the basis of Divine Power.
  - d. The Capacity of Mind to perceive and understand the power to grasp the Ideas and ability to know thus the successful function of Cognition.
  - e. This is the Battlefield of the Life in the Soul and our opportunity to reach the tactical victory of the Spritual Life and Human History.
2. Memory: Mental Impressions Related, Retained, or Recalled; Metabolized Bible Doctrine circulating in the stream of consciousness.
  - a. 2nd of the 7 Compartments of the Self Consciousness, Frame Reference, Memory Center, Vocabulary Storage, Categorical Storage, Conscience, Momentum Center, Wisdom Center.
  - b. This results in conditioned thought pathways called memory pathways which is the mechanism for MBD creating its problem solving devices for solutions of the problems of life.
  - c. *Thus the Rate of learning Doctrine is the rate at which the Believer develops new memory pathways.*
  - d. Since Spritual IQ demands Inculcation which is Repetition we must hear and think of BD repeatedly. Repetition often allows us the opportunity to hear BD again and again and finally it breaks through to our SC and we can then use it as part of the PSD's.

e. *The Rate of Learning must always exceed the Rate of Forgetting and we must be consistent in the intake of BD to continue to grow spiritually.*

Experientially Developed

3. Problem Solving:

Conditioned thought pathways of the soul.

Creation and use of the 10 problem solving devices as the FLOT of the soul, to resist the outside pressures of adversity, prosperity, and dying, becoming the inside pressures of stress in the soul.

- a. These replace all other types of problem solutions from Human Viewpoint.
- b. conditioned thought pathways called memory pathways are the mechanism for MBD creating problem solving devices
- c. As the amount of Doctrinal inculcation increases so does the formation of Doctrinal rationales to be applied by means of the FRD.
- d. The purpose of Problem Solving functions of the PSD's are to allow each of us to develop the strength for problem solutions without relying on or leaning on another's strength or opinion.

4. Decision Making:

The power and ability to understand and categorize the issues in life, to determine a course of action based on categorized solutions based on Metabolized Bible Doctrine to enable us to execute the Protocol Plan of God.

- a. Precisely correct procedure in use of BD facts and relating them to function of PSD's.
- b. Requires the accumulation of Facts about the situations in order to make good decisions. (Emotional involvement and stress results in lack of accumulation of facts and thus bad decisions)
- c. Decisions revolve around the principle of Volition and Volition is the Key to the prehistoric angelic conflict.
- d. Accumulation of Facts requires MBD circulating in the SC.

5. Creativity:

Unique individual functioning of Divine Viewpoint based on the circulation of maximum Metabolized Bible Doctrine in the Stream of Consciousness.

- a. Recovery of BD from the Word of God and the effective and powerful presentation of each truth through FGHS by the PT.
- b. Ignorance of Doctrines results in inability to use them for solutions to problems and often doctrines are lost to history but creative viewpoints of theologians often results in rediscovery of lost material to be taught again to Believers.

6. Awareness:

Stimulates Curiosity, Motivates the desire for increased understanding of Bible Doctrine, Motivates thoughtfulness of others, restructures the scale of Values to give Bible Doctrine Priority #1.

- a. Being informed knowledgeable and alert about others, situations, and circumstances, ie to those things around you and putting them into a divine viewpoint perspective.
- b. Becomes operational when bel has PSD.
- c. It is a Spiritual Perspective in life and results in relating to others from PSD's.
- d. It is the application of the MBD through the PSD's on the FLOT of the Soul.
- e. Out of true awareness comes wisdom. There is no wisdom in life without the TKS awareness.
- f. It wades through all pressures and oppositions to BD and continues advance to Spiritual Maturity and avoids all the Awareness traps
  1. pseudo compassion.
- g. Sensitivity is not part of awareness but involves arrogance.

## Development of I.Q. in the Spiritual Life

1. The 6 Thinking Skills (6 tks) is human I.Q. (HIQ), and the source of human inequality, this potential is received at birth when God imputes soul life to biological life establishing Human Life. Human I.Q is **never equal**
2. The 3 Spiritual Skills (SS#1-3) are required for Spiritual I.Q. to develop.
3. The SS must interact with the 6 tks to form Spiritual I.Q.
4. Filling of God the Holy Spirit (FGHS) is absolute ie. 100% or 0% nothing in between.  
A MEANS.  
FGHS is the equalizer of human IQ. It enables all mankind of any status to metabolize doctrine, form and deploy the 10 PSD's, and Execute the Protocol Plan of God. FGHS also is the 2nd Problem Solving Device and the first Power Option of our Spiritual Life.
5. FGHS (SS1) + 6 TKS (Human I.Q.) = Spiritual I.Q.
6. Spiritual I.Q. (SIQ) is necessary for the development of MBD, 10 PSD, Execution of PPOG.  
RESULTS
7. SIQ + Operation Z (Op Z) [teaching ministry of God the Holy Spirit) = Continued MBD (SS2 increased)
8. SIQ + Op Z = Formation or expansion of 10 Problem Solving Devices from MBD.
9. SIQ + Op Z = Execution of the Protocol Plan of God.
10.

FGHS	+	HIQ	=	SIQ	+	Op Z	=	{ Expansion of MBD (SS2)}
(PO1)		(6 TKS)		(PO2)				{ 10 PSD (SS3)}
(PSD2)				(PSD5)				{ Exec. PPOG (SS4)}
(SS1)				(SS2)				{Conditioned Thought Paths}
				(BD Or)				{Grace Orientation}
				{MBD}				{Max Response to DI of Grace}
								{Sp. Cap. +R}
								{Humility}
								{Riches of Glory becoming functional}
11. MBD actually creates its own system for the application of BD to experience for the only and most dynamic offensive action off the FLOT of the soul in human history.
12.

FGHS	+	MBD in SC	+	PSD's	=	Execution of the PPOG
SS1, PO1		+ SS2, PO2		+ SS3		= Exe of PPOG (SS4??)
PSD2		+ PSD5, Op Z		+ 8 PSD's		= True Thanksgiving
13.

FGHS	+	Op Z	+	PSD's	=	Execution of PPOG for the Church Age.
						= Winner Believer + Invisible Hero
						= Glorification of God
						= Invisible Heroship

**Three (Four) Spiritual Skills (never existed prior to the birth of Jesus Christ and will never exist again after the resurrection of the Church.)**

1. Filling of God the Holy Spirit - Begins at SAJOG (regeneration), Maintained or recovered after sin by Rebound (I John 1:9) = A Cause (the only NON-permanent spiritual gift received from God at SAJOG).
2. Metabolization of Bible Doctrine - Requires SS1 and Perception, Cognition, and Inculcation of Bible Doctrine as well as Faith Perception. = A Result
3. Formation and Function of the 10 Problem Solving Devices - Requires SS2 circulating in the Stream of Consciousness + SS1. = A Result
4. ?? Execution of the Protocol Plan of God - Requires SS1,2,3 and results in Glorification of God in Time and Historical Impact. = A Result)

**X, Y, Z, of Life in the Angelic Conflict (Function of Grace Orientation PSD #4)**

(2 Thes 1:12)

#### **Four Exclusions in the PPOG**

- |                                      |  |
|--------------------------------------|--|
| 1. Divine Power excludes Human Power | 3. Divine Viewpoint excludes Human Viewpoint |
| 2. Grace excludes Legalism           | 4. 10 PSD's exclude Stress in the Soul       |

#### **Categories Required in the Protocol Plan of God**

1. System of Authority: Temporal Authority      Laws of Divine Establishment  
Spiritual Authority      Bible Doctrine communicated by Pastor
2. Spiritual Life: For each individual Believer to be executed individually.
3. Freewill: Recognition of the Volition of each Believer.
4. System of Growth: Metabolization and Circulation of Bible Doctrine in the Stream of Conscious.
5. Problem Solutions: A System of Problem Solving Devices based on or developed from Max Metabolized B D in the Stream of Consciousness.
6. Historical vs Individual Time References: Historical Period = Dispensation of the Church Age.  
Individual Period = Salvation to Death or Resurrection.
7. Assets: Portfolio of Assets provided by God in Eternity Past for each Believer.
8. System of Impact: Invisible but real Impact in 5 categories:  
Personal Impact: Blessing by association with the Believer.  
Friends, Family, and Loved ones.  
Historical Impact: Blessing by association with the Pivot.  
Prosperity for the (Client) nation where the pivot is large enough and a maintenance of that prosperity .  
Client Nation Impact: Blessing by association with Missionaries.  
Blessings for other nations which associate with the Client Nation under establishment principles.  
Angelic Impact: Blessing by association with Believer as witness for prosecution.  
This requires attainment of Spiritual Maturity and passing Evidence testing.  
Heritage Impact: Blessing by association with the Believer after his death.  
This is blessing by Friends Family and Loved Ones after the death of the believer and it explains why losers prosper.
9. Procedure: Protocol has a precisely correct procedure; A right thing done in a right way is the only thing that is right.
10. Reward System: Eternal and Temporal for those Believers who Execute the Protocol Plan of God.
11. God makes war against the arrogant believer; God gives Grace to he humble believer.

#### **Rebound PSD used when out of fellowship**

1. The POG is a Protocol Plan
  - a. A ridged long established code and procedure
    1. This code defines equality for us, 3 SS's, 2 PO's, 10 PSD's
      - a. This is the MO of the Believer mandated to function under the POG for the

2. Stability of mentality plus composure and poise marked by self assurance.
3. Grace orientation in Life without arrogance.
4. Doctrinal Orientation to Reality.
5. Good Decisions from a position of Strength.
6. Spiritual Advance to the High Ground of Maturity and from the PSD you add the 4 Mature PSD's. 7,8,9,10

d. Coupled with Precisely Correct Procedure

1. Combines the function of the 2 PO's and the 3 SS's used consistently to establish the 10 PSD's on the FLOT of the soul and eventual execution of the PPOG.

2. Equality in the PPOG is based on 2 factors:

- a. Election: the expression of the sovereignty of God for each Church Age Believer.
  1. Equal Privilege: Royal Priesthood with the right of Privacy in function of his life.
  2. Equal Opportunity: Royal Ambassadorship with Logistical Grace provided by the JOG to the ROG imputed to us as part of our gifts at SAJOG.
- b. Predestination: the provision of the sovereignty of God for each Church Age Believer.
  1. Equal Privilege: Baptism of GHS entering us into union with JC.
    - a. Equality of Race, Gender, social status, etc when in the PPOG and in union with JC.
  2. Equal Opportunity: Portfolio of assets for each of us individually for execution of the PPOG for our Life.
