

# Prayer for Compassion

Joel 2:17+

- v17: "Let the priests, the ministers of Jehovah or God, weep or offer a prayer or lamentation in time of calamity between the porch and the altar of Solomon's Temple, and let them say, " Have compassion on or exercise grace on Your people, O Jehovah or God and give not Your heritage to reproach with the result that the nations or gentiles should rule over them [Jews]. Therefore, should they say among the people, "Where is their 'Elohim or Godhead?"
- v18: "Then will Jehovah or God be zealous for His land, and have compassion [His love expressed in terms of protection] for His people."
- v19: "Yes, Jehovah or God will answer and say unto His people, "Behold, I will send you corn, and wine, and oil or economic prosperity and you will be satisfied therewith or happy with it, And I will no more make you a reproach among the gentiles or nations

Heavenly Father, I recognize that I have no right to ask for anything from you, that this nation has violated every divine precept of Divine Institution #4, nationalism, and thus has no right to exist. I have failed in every way it is possible to fail, but I am not asking on the basis of my failure or success nor on the basis of failure or success of my nation but on the basis of who and what you are, God the Father, the one who designed the plan and sent the son, and on the basis of the Son who satisfied your Integrity and therefore you do not have to treat me in Righteousness nor in Justice or I would not even be able to stand here and say Father. I am asking on the basis of the Plan which you have designed and the grace with which you implement it and on the basis of your love for me as a believer and on the basis that you treat me in love and always have and am asking you to have compassion on these people. Because if we fall or are destroyed or have such great difficulty in life what will the unbeliever say about You oh God, and about your promises, and your salvation, and your plan for all humanity. I have no illusions about myself personally, I do not deserve anything from you except discipline, and my nation is so degenerate and corrupt it should be destroyed. But Oh God this nation and I as a believer represent you to the world and YOU OH God control human history and we require your intervention on our *personal and national* behalf. Open the minds of the people that

they might see your hand in this nation and in my life personally that you might be glorified. I come with confidence before you on the Throne of Grace. I ask for your compassion and your grace in action but only on the basis of your plan, character, and essence and not because of anything which I have done or will do.
