*ISLAS is a biannual publication
dedicated to Afro-Cuban issues.*

*It is part of a larger project named
Afro-Cuban Alliance (ACA), a
non-partisan, not-for-profit,
charitable and educational
organization in existence since
May 2004, based and incorporated
in the State of Florida.*

*ISLAS seeks to inform Cubans
of African descent on the island and
abroad about civil rights,
the hidden history of slavery, racial
discrimination in Cuba,
and the experience of civil rights
movements.*

*To ensure a broad spectrum of
perspectives and promote a public
discussion, we seek to receive
articles from Afro-Cubans,
individuals of African descent
throughout the world, and other
interested persons to better gain
their perspectives and experiences
on the status of African descent
populations in their countries and
the struggles they have faced.*

*ISLAS accepts articles related to
history, art, literature, religion,
folklore, contemporary issues, and
essays/studies. All the articles reflect
the opinion of the authors.*
