COURSE OUTLINES

PHOTOGRAPHY COURSE - SLR

This Photographic course is designed for the first time SLR (*Single – Lens – Reflex*) user, to the more advanced users. This course will give you a further understanding of your camera and the joy of photography. Learn about framing, composition, rule of thirds and other camera techniques. Filters, Lenses, Flash & other equipment also. The course covers landscape, portraiture, close-up and action photography.

Suitable for SLR Digital and SLR Film Cameras

6 weeks \$240 - Course Code: SLRPC

Weekend Course - \$240.00 [Code: SLRIT]

Black & White Photography One-Day Workshop

When properly done, a black and white photograph can in many cases show much more emotion, feeling and mystery than its colour counterpart. Quite often a colour print of the same subject can just overpower the viewer with the sheer beauty of its colour, while hiding all feeling of the scene

1-Day Course: \$120 Course Code: B&W

B&W DARKROOM Techniques Course

This course is designed for the first time Darkroom student (user). Learn about various film, papers. How to use an enlarger, how to set up your own darkroom, You will print your own B&W prints and develop your own B&W film.

Weekend Course - \$240.00 Course Code: DRC

Beginners Guide to Digital Photography Workshop

This workshop will provide an understanding of what a digital camera is and how it works. It will give participants an understanding of digital imaging, by building upon knowledge of traditional photography skills. **Digital Compact Cameras**

1-Day Course: \$120 Course Code: BGDW

The Digital Darkroom Workshop

Though digital techniques and equipment are vastly different from the familiar surroundings of our darkrooms, enlargers and bottles of chemicals, the aims are the same. Essentially we want to produce great images.

1-Day Course: \$120 Course Code: DDW
