

CAN ANYONE HELP!

Paddy Murphy

The name 'Tyzack' is unusual, but it does appear in the name of two Sheffield firms who used perfin stamps 1890-1915.

Needham, Veall & Tyzack (Cutlery Manufacturers) used N3510.01 (suspected) and N3520.01, whereas W. A. Tyzack & Co, (Tool Manufacturers) used W0285.01m.

Can anyone report any stamp details to the Catalogue Editor for "WT/S/&T." (W7585.01) to support the suggestion that it was used by 'W Tyzack, Sons, & Turner', as shown in this 1884 advertisement?
