The X-Men have defeated the racist organization known as The Church of Humanity, but have paid a steep price for their victory.

In addition to suffering heavy casualties during the final confrontation with the Church—which is par for the course, as the team knows—the X-Men witnessed something more frightening and brutal than a firefight.

They saw the very sanctity of the Xavier Institute—erected to protect and train young mutants—violated and blackened, as six young mutants were crucified and strung up like meat just yards from where the X-Men slept.

These young mutants were targeted for only one reason—they were born X-Gen-positive, and the special abilities they possessed set them apart from the rest of humanity.

The team was able to rescue most of the injured young mutants thanks to Warren Worthington III, known as Archangel. Warren, whose wings give him the ability to soar through the heavens unaided, recently developed a powerful secondary mutation—the ability to heal.

His remarkable new gift to rapidly heal from almost any type of injury has suddenly granted him godlike powers, and unlike Wolverine—who can only heal himself—Warren's healing factor can also cure others—not by thought, touch, or wish, but by blood.

By transfusing his blood onto another person's open wound, Angel can now cure ailments of almost any type. And it was this healing factor that helped save the injured X-Men after the Church's brutal attack on the Xavier campus.

After a month that included the attacks by the Church, as well as attack from within—by a longtime X-Man named Polaris—the team now settles down to clean its own house before moving on...

LOS ANGELES

Poor Angelo.

I feel terrible being here, Paige.

Oh, Jubilee. Don't.

Angelo would never hold anything against you, and you know it.

Well, I think the point is that he *wanted* to hold something against me--

--literally speaking, I mean--

--and I wouldn't let him.

Jubilee, what are you talking about?

Oh, Angelo asked her out before he was killed, but she said "no" and now she's being *stupid* about it.

I am *not* being stupid about it, Paige.

I'm just wondering, is all. If maybe I made a *mistake* for both of us.

If maybe I could have made his last days *happy* ones.

Take it from someone who *knows*, Jubilee--

--don't waste time making yourself guilty in a situation like this. It's just a destructive waste of energy.

Sorry.

That was intended to be *advice*, but it came off as a command.

Hard habit to break.

Well... I feel like I might be intruding here, and there's something I wanted to do anyway--

--so I'll just let you ladies visit your friend.

Ha! Warren called us ladies.

He's so sweet and so handsome and he likes you a lot, I can tell.

So what the heck is wrong with you?

It's not me...

...Warren's been giving me the cold shoulder ever since Jono wandered in and out of our lives a couple of weeks ago.

He thinks I'm still in love with the guy and he's "trying to give me space."

Idiot. I don't want space, I want to get naked with him.

I wish I could be naked with Angelo.

Maybe I missed my shot at happiness...

Is that what all this is about?

You think you lost your only chance, or something silly like that?

I miss him so much, Paigey. More than I ever thought I could...

...and you know how irritating he could be sometimes.

Maybe I loved him, but I just didn't know it...

Sweetie, there should be no question about that --

--you absolutely did love him.

And if you call me "Paigey" again, you'll be buried right there beside him, I promise you.

Hhngggmm.

Oh, honey.  
It's okay.

I'm here, darlin'.  
I'm--

Oh, I'm sorry.  
Don't mind us.

⊗ CHILDREN'S HOSPITAL,  
LOS ANGELES

Yes, hi. I hope so.

I'd like to speak to a doctor, please.

Whoever is in charge of the facility, I guess.

I have a unique proposition for them.

⊗ THE CEMETERY

What do you mean, "You can dig him up when we're done"?

Oh, I'm sorry. Maybe you didn't know--

--or maybe you did, I don't know--

--but your friend here -- he was a mutant, right?

And, well... some of the other tenants have complained, you know?

So we gotta, like, you know, dig him up and everything. Get him outta here, you know?

Cremate him.

But he's buried next to his mother and grandparents, for God's sake!

And you are NOT going to cremate him, "you know?"

You are NOT going to DIG HIM UP, PERIOD!

Yeah, well, you know?  
You'd be **wrong** about that.

Um. Look. I don't make the **rules** or anything, okay?

If you don't like it, you can go see the **manager**, you know?

Yeah, **that'll** help.

He, um-- --he's in the main office down by the gate.

You go talk to the manager, Jubilee...

...I'll hold the fort here.

Are you sending me because you think my powers are **wimpier** than yours?

Yes.

Okay. Just clarifying.

--wouldn't allow me to do this.

Ramona, get me a scalpel.

Right away, doctor.

⊗ THE CEMETERY

How do you *think* I'm doing, honey? I'm frayed. I'm just *wiped out*.

This whole thing is so exhausting.

No, I know it's tough on you, too, but --

You the manager?

Honey, I'll have to call you back.

No, I'm not being insensitive, there's someone--

--no, there's someone in my office, and--

What do you think you're doing, *DIGGING* up Angelo Torres' body?!

No, honey, I know you need me right now, but--

He has a RIGHT to be where he is!

He wanted to be close to his family, and that plot is PAID for!

Talk to your little chickee later!

HEY-- WHAT ARE YOU DOING?!

YOU HUNG UP ON MY WIFE!

YOUR WIFE CAN WAIT!

There are goons out there RIGHT NOW digging up my friend--

You mean Angelo Torres?

This is about ANGELO TORRES?

We'll let me EXPLAIN something to you, little lady--

-- he and his family signed a CONTRACT--

-- a legally BINDING contract--

-- on which they LIED--

-- and said no member of their family was affected by the X-GENE!

As a religiously backed institution we are within our legal right to deny ANYONE--

-- for ANY reason whatsoever--

-- a burial plot if it is in CONFLICT with our other internees!

And MUTANTCY conflicts with our religious beliefs!

But his family was *poor*... they barely had enough money to pay for these common plots.

They have *rights*. You can't just--

They have *no rights*. The dead have *no rights*.  
With no family members left to pay for Angelo's reburial elsewhere, it means his remains must be *cremated*--

--*entirely* at our expense--  
--and *disposed* of.  
Unless you'd rather take the cremated remains *with* you.

I can give you *that* option, at least.

⊗ THE HOSPITAL

Okay, that's *my* arm. Now yours.

Of course.

This might hurt a little.

No worries.

Lady, you got stones, I'll give you that--

Got stones-- --am stones.

SHUCK

Wanna wrestle?

You're a MUTANT!

And you're stupid.

**CHANG  
CHANG  
CHANG**

What's that sound?  
What's gonna start?

**HANGCHANGCHANGCHANGCHANG**

**CHANG**

Whoa.  
Another Colossus.  
You're a mutant, too.

And you've outed me, so I'm gonna flatten you for it!

⊗ THE HOSPITAL

Your *blood type* is the same as this particular patient's, so I think we can rule out any coagulation problems, but--

--Mrs. Mendoza, can I interrupt you for a minute?

Listen. We have the possibility of an *unorthodox* treatment for Reyna, and I want your permission to try it.

If it'll help her and stop her pain, then I don't *care* what it is--

-- just do it.

⊗ THE CEMETERY

**CHEESE!**

My God, Jeremy-- I can't believe this!

How come you never told me?

**NNNGGH!**

Will you shut up, Larry!

⊗ LATER...

-- and then Jeremy changed and uprooted a tree, and hit her with it.

And then she held on to the tree, and let go and fell right on top of him when he lifted it over his head, and --

I think the important thing here, Larry, is that Jeremy is a mutant, and that's against our hiring policy.

Give me a few hours to contact my teacher, Charles Xavier, he'll--

No, this will be done NOW.

But we can relocate Angelo and his family. I know Xavier will help.

I said no.

Boss, I can explain.

No, you can't.

Pack up your things. I'll make out your final check once Larry and I have dug up Angelo here.

Sweetie  
you won't  
believe  
what just  
happened!

It's a  
**MIRACLE!**

An ANGEL  
came down  
from HEAVEN  
ITSELF and cured  
our little  
Reyna!
