Pool and Spa Safety

Pools and spas are relaxing and fun, but they can also be dangerous—especially for children! (And remember: contrary to this illustration, children do not have adorable and useful tailfins.)

Draining and Acid-Washing

If you are planning to have your pool drained and acid-washed in anticipation of the swim season, bear in mind that it is better for your plaster when this is done during cooler weather.

Please call Claudia at 951.684.3826 to schedule these adventures in pool maintenance as soon as possible!

Happy voting and have a gloriously romantic Valentine's Day!
