Letter from the Publisher

March 2008

Greetings to all friends of The Sacred Oak, we are so excited about our first issue. We offer hand made items to you. We do have a few things made in mass production, but the majority of our items are hand made and made by the order. We have very little in stock here. We are a home based business, and we craft with care. We invite you the reader to be involved with us as we start and grow. Spring is here and time for New beginnings, we ask you to come and grow with us.
